

Carl Fails In His Effort To Retain Austrian Throne

Former Emperor Returns to Switzerland When Diet Votes for Republic. RETAINS HIS AMBITIONS Believe French Factions Have Had Something to Do With Monarchist Coup.

By United Press Leased Wire
Vienna.—Officially repudiated by
both Hungary and Austria, the former
Emperor Carl was on his way back
to Switzerland Saturday, his dream of
a return to the Hapsburg throne de-
finitely ended.

Within the short space of 24 hours
his status had changed from a po-
tential king to that of a courtless
jester.

Under a Spanish safe conduct and
in virtual custody of two British
army officers, Carl left Steinamanger
for the Swiss border Friday in a spe-
cial train. Elaborate preparations were
made to guard the train as it passed
through this and other Austrian cities.

The Austrian parliament, by an un-
animous vote, declared in favor of
restoration of the republic as against
the Hapsburg dynasty.

The former emperor still considers
himself king of Hungary and intimat-
ed before his departure that he might
make another attempt to regain the
Hapsburg throne.

This information was contained in
a dispatch received Saturday from
Steinamanger where Carl made his
headquarters during his attempted
coup.

The dispatch stated that just before
Carl departed from Steinamanger he
wrote a letter, explaining he was con-
vinced his country's interests demand-
ed his departure, but that he still
considered himself the legitimate mon-
arch.

May Try Again
Carl, it was said, reserved the right
to remount the throne later, appoint-
ing Admiral Horthy, the present re-
gent, as his chief lieutenant "during
the interval."

The former emperor wished to issue
a proclamation to the Hungarian peo-
ple but was prevented by the author-
ities.

Dispatches from Budapest stated
that the Hungarian national assem-
bly enthusiastically adopted a resolu-
tion expressing confidence in the gov-
ernment of the regent, Admiral
Horthy, and declaring the return of
Carl would constitute a great national
disaster.

The Hungarian government was re-
ported to have promised to grant am-
nesty to all persons in any way con-
nected with Carl's attempted coup.

See French Influence
Paris.—Former Emperor Carl's at-
tempt to regain the Hapsburg throne
resulted from the assurance by cer-
tain French elements that he would
receive the support of the French
government, the newspaper L'Informa-
tion declared Saturday.

The Petit Parisien deplored the fact
that Carl's name had been drawn
into the pool and expressed regret
that "there are certain influences in
France which have been flirting with
the Hapsburgs."

According to the Journal, Carl timed
his coup prematurely and might have
succeeded had he waited a few weeks.

The Matin was relieved at the failure
of the plot, but said it feared an-
other attempt would be made later.

Swiss Take Him Back
Geneva.—The Swiss federal council
has decided provisionally to permit
former Emperor Carl to return to
this country.

Among the promises which will be
exactod from Carl will be to abstain
from all political propaganda and not
leave Switzerland again without formal
notice.

This Lady Had Monopoly On Fool Parcels

A lady with her arms filled with
parcels reached the street car station
at the corner of Second and Story-sts.
Friday afternoon a few minutes be-
fore the arrival of a car for down
town. In front of the station was a
partially filled paper bag tied with a
string and to all appearances con-
tained sugar. The lady picked it up
immediately and after examining it
threw the package down in disgust.

It then dawned upon her that it was
April fool's day and after making an
inspection of her other parcels she
threw them away also, to the delight
of several children who were watch-
ing her from the window of a nearby
residence.

PRIEST IS SLAIN WHEN HE
ANSWERS DOOR SUMMONS

By United Press Leased Wire
Detroit.—Rev. Leo Jarecki, rector of
Our Lady of Mount Carmel church,
West Wyandotte, was shot and killed
early Saturday when he answered a
summons to the door. The assassin
escaped.

Police believe he was shot by a
fanatic.

LEGION ASKS COUNTY BOARD TO MAKE PROBE

Removal of Two County Of- ficers Suggested if Inves- tigation Warrants. HINT ILLEGAL USE OF FUNDS Herman J. Kamps and L. A. Peterson Involved in War Veterans' Petition.

Declaring that a report of an audit
of the books of Herman J. Kamps,
county clerk, and Louis Peterson,
county treasurer, to the finance com-
mittee of the county board by the firm
of Rell, Penner and Benton, certifi-
ed accountants, indicated that these
officers have been paying their own
salaries and salaries of other county
employees in advance of the time they
were earned and payable and that
they have been using county funds
for their own use, the executive com-
mittee of the Oney Johnston post of
the American Legion has petitioned
the county board to investigate the
reports and if this investigation dis-
closes illegal use of county funds to
discharge the officer or officers im-
plicated. The petition was mailed Fri-
day to Mr. Kamps to be presented to
the board, probably at its next ses-
sion. It has been indicated that the
legion will take no further action in
the matter until the board has had an
opportunity to act on the petition. A
two-thirds vote of the board is required
to remove an officer.

Has Been Repaid
The letter to the board says the le-
gion is aware that all the money with-
drawn from the treasury in an alleged
unlawful manner has been restored but
this fact does not mitigate the al-
leged offense. The committee also
says that condoning of the al-
leged offense, because of the restora-
tion of the funds, "would act as an
encouragement to the present and al-
lured officers to disregard their trust
and illegally use public funds, placed
in their custody, for their own purposes
and convenience, to the imminent
peril of the taxpayers of the county."

No direct charge of illegal use
of public moneys is made in the legion
letter to the county board which
states that the auditors' report indi-
cates to the executive committee that
the clerk and treasurer have been
guilty of making payments without
warrant of law.

The letter is signed for the legion
by Lohar G. Graef, chairman of the
executive committee, and L. Hugo
Keller, adjutant of the post.

The suggestion that there might have
been an unwarranted use of county
funds on the part of county officers
grew out of the decision of the county
board to have a monthly audit of its
funds, a departure from usual custom
of annual audits. No public an-
nouncement was made of alleged un-
lawful use of public money but in
the report of the auditors reference
was made to repayment of salary over-
drafts of county officials, unsatis-
factory evidences of indebtedness and
finally to a written supplementary re-
port which in reality was an audit of
clerk and treasurer books from Jan. 1,
to Feb. 19, 1921. The report further
stated that these unsatisfactory
cash items, salary overdraws and other
indebtedness has been made good by
deposits to the credit of the county.

Engage an Attorney
Immediately after this alleged state
of affairs came to the knowledge of
the legion executive committee it was
decided to make an investigation and
if facts warranted, to make an effort
to remove officials guilty of wrong
practices. Accordingly Attorney Paul
V. Cary was engaged to guide the
legion and make the investigation. He
was selected for this work partly be-
cause he is not a member of the
legion, although three lawyers are en-
rolled in the Oney Johnston post.

Mr. Cary secured a copy of the au-
ditors' supplementary report and later
filed a complete report of its contents
and other results of his investigation
with the executive committee which
decided that pressure should be
brought for the removal of Mr. Kamps
and Mr. Peterson. Early in March let-
ters were addressed to those two men
inviting them to appear before the
executive committee and explain the
alleged overdraws and unsatisfactory
cash accounts specified in the au-
ditors' report, or failing in this, to re-
sign.

Mr. Kamps and Mr. Peterson, how-
ever, through their counsel, notified
counsel for the legion that they would
neither resign or appear before the
committee.

Action Is Approved
The executive committee then called
a special meeting of the post which
was held March 11 in Elk club at
which the entire matter was dis-
cussed. The report of the executive
committee with reference to the in-
vestigation was adopted by a vote of
357 to 3 and later the post, by a uni-
mous vote, authorized the executive
committee to take whatever action it
deemed wise.

Mr. Cary's report to the executive
committee also referred to the au-
ditors' report of the treasurer's books
which contained the following item:
"Refund of overdrawn salaries, \$1,
633.28." No comment was made on
this item.

Following is the second paragraph
of the auditors' report as read to the
county board and adopted by that
organization:
"The usual determination of the var-
ious de-

NEGRO BRANDED WITH MARK OF KU KLUX KLAN

By United Press Leased Wire.
Dallas, Texas.—The Ku Klux Klan
held midnight court again in the south
last night.

Symbols of the order were burned
in fiery acid upon the forehead of Alex
Johnson, Negro, "tried" with a rope
around his neck, amid the lonely hills
of Dallas county and "found guilty" of
intimacy with a white woman.

Between 25 and 30 lashes were ap-
plied to Johnson's naked back and
later, beaten and bleeding the letters
"K. K. K." in his forehead as a "warn-
ing" to other Negroes not to associate
with white women, he was turned
loose under the steps of the fashion-
able hotel where his alleged offense
was committed and commanded to tell
other Negro employees thereof of his fate.

With the "solemn" fifteen standing
in a circle about him, he was made
take oath he would never associate
with another white woman.

He was given the choice between
this oath and "trial" was conducted by men
in white masks—all were prosperously
dressed. Newspaper reporters, "kid-
naped" by a ruse and taken to the
scene of "court" to write the story for

COMPLETE TIIEUP OF INDUSTRY IS FACING BRITAIN

Government Acts to Prevent Widespread Suffering Be- cause of Strike.

By United Press Leased Wire
London.—Great Britain faced a
paralysis of industry Saturday as a
result of the nation-wide strike of coal
miners.

The government, viewing the situa-
tion as grave, set in motion the ma-
chinery for rationing food and cur-
tailing transportation. All train ser-
vice will be reduced 25 per cent be-
ginning Wednesday.

Many allied industries have begun
to close down and scores of thousands
of persons were expected to be thrown
out of work.

All of the northern iron works, the
mills and factories in Yorkshire and
the Scottish steel plants were stop-
ping work. Eleven thousand dock
workers were idle Saturday and four
thousand more were expected to be
laid off in the Sheffield district
Saturday.

The strike which began Thursday
and involves more than a million
miners, already has caused losses of
millions of pounds through the flood-
ing of scores of mines throughout
the country.

One pit in North Wales had been
ruined and it was feared that many
elsewhere would be damaged beyond
recovery.

Owners sent out a general
call for volunteers to man the pumps
and prevent complete disaster.

Apprehension was caused by the
possibility that the strike would
spread to the railway and transport
workers. Even should the latter re-
fuse actually to walk out they could
make the situation more dangerous
by refusing to handle coal.

The discipline of the strikers ap-
peared to be perfect. No case of vio-
lence had been reported from any of
the hundreds of pits involved.

LAWMAKERS TAKE ELECTION RECESS

By United Press Leased Wire
Madison.—The state capital was de-
serted Saturday.

The two houses of the legislature
met informally this morning and ad-
journed until next Wednesday night.

Governor Blaine left Saturday for
his home in Boscebel to remain until
Wednesday.

Only a handful of senators and as-
semblymen remained at the capital,
most members leaving Friday for their
homes to vote at the Tuesday elec-
tion.

Some bills of importance are sched-
uled for consideration next week in-
cluding the marketing bill before the
assembly. Unless there is a full at-
tendance no important measures will
be considered until the following week.

Many members said their intention
was to remain home for the entire
week and expressed doubt as to a
quorum being present when the two
houses reconvened.

BUILDING IS WRECKED BY BLACK HAND BOMB

By United Press Leased Wire
Chicago.—Thirty families were driv-
en to the streets in their night clothes
early Saturday when a black hand
bomb wrecked the north side Italian
section.

The blast left loose in the front of
a four story brick building where four
families dwelled. The front of the
building was demolished and the fam-
ily, including eighteen children, re-
fused to the streets after being
blown out of bed.

Tenement houses adjoining the
blasted building were damaged and
inhabitants fled.

Rosario Camphelli, owner of the
building, was handed a black hand
threat recently demanding \$1,500. Re-
fusal, the note said, would mean a
bomb.

DR. MARSHALL SELLS OLD NAT. BANK BUILDING

Combined Locks Paper Co., to Establish General Offices in Appleton.

TAKE POSSESSION JUNE 1
Dr. Marshall to Remain Until
New Office Quarters Are
Obtained.

Another important transfer of Col-
lege-ave. property was completed Sat-
urday morning when the Combined
Locks Paper Co. purchased the old
First National bank building, corner of
College-ave. and Appleton-st. from
Dr. Victor P. Marshall, General of-
fices of the Combined Locks Paper Co.,
Lakeview Paper Co. and the Valley
Pulp Co., closely affiliated concerns,
will be housed in the structure. The
new owners expect to take possession
about June 1.

Dr. V. P. Marshall, who now occu-
pies offices on the second floor, will re-
main in the building until new office
rooms are obtained, probably not for
18 months.

The paper companies will occupy
the entire ground floor of the building
for the present, but later expect to
make use of the second floor also. Ex-
tensive remodeling is to be undertaken
and the offices will be among the finest
in the Fox river valley.

Minor offices will be maintained at
all three of the mills but general of-
ficers will have their headquarters
here. Major A. J. McKay, vice presi-
dent and general manager of all three
mills, will establish headquarters here
instead of at Combined Locks. D. E.
Reese, treasurer, also will have his of-
fice here. L. L. Aletet of Milwaukee,
is president of the three companies.

Mr. Aletet, Mr. McKay and their as-
sociates began their expansion in the
Fox river valley last year when they
purchased the Lakeside Paper Co. at
Neenah, and organized the Lakeview
Paper Co. to operate the mill. Recent-
ly these men purchased the Kaukauna
Pulp Co. plant at Kaukauna and or-
ganized the Valley Pulp Co.

Dr. Marshall came into possession of
the building four or five years ago.
Soon after he purchased the building
the Wisconsin and Northern Railroad
company took over the entire lower
floor and a suite of rooms on the sec-
ond floor. That company recently was
absorbed by the Soo line and it is prob-
able the office here will be discontinued
after May 1 when the railroad transfer
to the new owners takes place.

Daniel P. Steinberg and Attorney J.
P. Frank had charge of the real estate
and legal matters pertaining to the
sale of the building to the paper
company.

TRY "DEATH FARM" OWNER TUESDAY

Negro May Be Witness Who Will Convict Williams of Sev- eral Murders.

By United Press Leased Wire
Covington, Ga.—When John Wil-
liams, alleged "death farm" prop-
rietor goes on trial for his life here Tues-
day, probably the greatest legal battle
in the history of Georgia will be
staged.

Not only will both sides be rep-
resented by legal talent that ranks
among the best in the south, but the
question involved will be one that is
entirely new to southern courts.

If Williams, who is charged with
killing eleven Negroes and who goes
on trial first for the murder of three,
is convicted, from all indications his
conviction will be obtained almost
solely on the testimony of a Negro.

This would be unprecedented.

Williams' conviction, if he is con-
victed, will be made on the testimony
of Clyde Manning, Negro, on Wil-
liams' alleged "death farm."

Manning has already confessed that
under Williams' orders, he killed nine
Negroes. He also stated Williams
killed one in his own hands and
that he (Williams) ordered another
Negro, Charlie Chisholm (who was
afterwards put to death himself) to
slay another.

OKLAHOMA GOVERNOR ACQUITTED OF CHARGE

By United Press Leased Wire
Oklahoma City.—Governor E. B. A.
Robertson Saturday stood acquitted
of the charges brought against him by
a house committee that he was cor-
rupt in office, that he wilfully neg-
lected his official duties and that he
evaded his income tax.

Acquittal came when the house last
night, after reviewing the charges of
the committee rejected the report
recommending the impeachment of
the governor, by a vote of 42 to 42.

BAD CHECK ARTIST SAYS PRESIDENT IS COUSIN

By United Press Leased Wire
Chicago.—A man who said he was
Everett Harding, 26, of Chicago, and
alleged he is a cousin of President
Harding, was arraigned Saturday be-
fore Federal Commissioner Mason on
a charge of obtaining money while
impersonating a government official.

Secret service agents said that the
president in a telephone conversation
denied the man is a relative.

ELECTRIC POWER AND LIGHT RATES BOOSTED

GERMANY TOLD BY U. S. TO PAY HER WAR DEBT

Commission Grants Authority to
Boost Light Schedule One-
Half Cent.

POWER RATE UP A CENT

Revision of Distribution Plan Is
Authorized in Commis-
sion's Decision.

Electric light and power rates in
Appleton, Neenah, Menasha and other
communities served by the Wis-
consin Traction, Light, Heat and Pow-
er Co. have been increased from one
half to one cent per kilowatt hour in
a decision filed by the Railroad Com-
mission of Wisconsin on Friday. The
decision also provides for an automa-
tic increase in rates of .0025 cents per
kilowatt hour for each 50 cents in-
crease in the price of coal over \$3 a
ton and a similar decrease when the
price of coal, delivered in the com-
pany's bunkers, is reduced by 50 cents
a ton or multiple thereof.

The new rates become effective
subsequent to the first meter reading
after signing of the order.

Another feature of the decision is
division of communities served by the
company into two classes, one com-
prising the cities of Appleton, Neenah
and Menasha, and the other including
all the other cities, villages and rural
communities. The rates for the sec-
ond class are one half cent higher for
lighting and one cent higher for pow-
er than in Appleton because of the
larger cost of distribution and main-
tenance of distribution lines.

Following is the new light sched-
ule, as applied to Appleton, Neenah
and Menasha, compared with the old
rates. The rates are based on kilo-
watt hours per month.

Old Rate	New Rate
First 50 kw. hours.....10 1/2 cts.	First 50 kw. hours.....11 1/2 cts.
Next 75 kw. hours.....9 1/2 cts.	Next 75 kw. hours.....10 1/2 cts.
Next 100 kw. hours.....8 1/2 cts.	Next 100 kw. hours.....9 1/2 cts.
Next 200 kw. hours.....7 1/2 cts.	Next 200 kw. hours.....8 1/2 cts.
Next 500 kw. hours.....6 1/2 cts.	Next 500 kw. hours.....7 1/2 cts.
Next 1,000 kw. hours.....5 1/2 cts.	Next 1,000 kw. hours.....6 1/2 cts.
Over 2,000 kw. hours.....4 1/2 cts.	Over 2,000 kw. hours.....5 1/2 cts.

Old Rate	New Rate
First 50 kw. hours.....10 cts.	First 50 kw. hours.....11 cts.
Next 75 kw. hours.....9 cts.	Next 75 kw. hours.....10 cts.
Next 100 kw. hours.....8 cts.	Next 100 kw. hours.....9 cts.
Next 200 kw. hours.....7 cts.	Next 200 kw. hours.....8 cts.
Next 500 kw. hours.....6 cts.	Next 500 kw. hours.....7 cts.
Next 1,000 kw. hours.....5 cts.	Next 1,000 kw. hours.....6 cts.
Over 2,000 kw. hours.....4 cts.	Over 2,000 kw. hours.....5 cts.

It will be noted that the com-
mission has fixed a rate of 2 1/2 cents
for all current consumption over 2,000
kilowatt hours per month as com-
pared with the old rate of 2 1/2 cents
for consumption from 3,000 to 5,000
kilowatt hours and 2 cents for all over
5,000. This is a slight increase for
the larger consumers.

The increase for the average light
consumer is one half cent per kilo-
watt hour. The company had asked
for an increase of 1 cent.

The new rate for other municipal
consumers is one half cent higher than in
Appleton, Neenah and Menasha.

Following is the increased power
rate for Appleton, Neenah and Men-
asha as compared with the old:

Old Rate	New Rate
First 100 kw. hours.....8 cts.	First 100 kw. hours.....9 cts.
Next 100 kw. hours.....7 cts.	Next 100 kw. hours.....8 cts.
Next 200 kw. hours.....6 cts.	Next 200 kw. hours.....7 cts.
Next 500 kw. hours.....5 cts.	Next 500 kw. hours.....6 cts.
Next 1,000 kw. hours.....4 cts.	Next 1,000 kw. hours.....5 cts.
Over 2,000 kw. hours.....3 cts.	Over 2,000 kw. hours.....4 cts.

It will be noted that the increase
for the larger consumers is a half
cent per kilowatt hour instead of one
cent. This is because the cost of dis-
tribution per kilowatt hour decreases
as the amount consumed increases.

A change was made in the method
of selling wholesale power. The de-
cision provides for demand charges
of from \$27 to \$15 a year, payable in
monthly installments to which must
be added an energy charge which is
increased about two-tenths of a cent.
The increase granted for this class of
service is identical with that requested
by the company.

The company's books showed the
total earnings for the ten months
period ended Oct. 31, 1920 were \$565,
236.44 and the total expenses, includ-
ing taxes and depreciations were \$516,
251.95, leaving a net operating re-
venue of \$48,984.49. Expenses did not
include interest charges, however.

The commission, however, made
some adjustments in the operating
expenses and arrived at the conclusion
that the probable cost of operating
the plant for a similar period was
\$512,412.31 to which it added 8 per
cent as a fair return on the invest-
ment of \$2,227,450 and computed the
total estimated cost of the service for
ten months at \$561,575.64. The op-
erating revenue for that period as re-
ported was \$565,236.44. After other
adjustments were made the commis-
sion determined that the total earn-
ings for the ten months period were
\$570,236.44 which represented a defi-
cit of \$40,339.20 under a fair return
for ten months or \$109,607.04 on a
yearly basis.

BEVERIDGE GETS BIG ASSIGNMENT

Former Appleton Military Man Is Detailed to General Staff of Army.

(Special to Post-Crescent)
Madison.—Lieut. Col. Byron Bever-
idge, inspector general of the Wis-
consin National guard, has been de-
tailed by the adjutant general of the
army for temporary assignment to duty
with the war plans division of the gen-
eral staff of the army in Washington. He
will report there April 5. While on
duty in Washington, Col. Beveridge
will be under Gen. Haan, former com-
mander of the Thirty-second division,
who is now assistant chief of staff of
the army and head of the war plans
division. Part of his duties will be
in connection with the revision of the
national guard regulations.

The detail is one of the highest hon-
ors that can be conferred upon a na-
tional guard officer. Col. Beveridge is
this assignment. His detail shows that
it is possible for a private in the na-
tional guard to rise, he having enlist-
ed as a private in Company G, sec-
ond infantry, Appleton, on July 4,
1896. He served as a corporal in the
Spanish war; was adjutant of the sec-
ond infantry on the border in 1916;
went overseas as adjutant of the One
Hundred Twenty-seventh infantry in
France. He was promoted to major in
France and returned to the states for a new
regiment after the Argonne fight
during which he was promoted to lieuten-
ant colonel. He was wounded twice
while in action in France.

JILTED AT CHURCH; CALLED WHITE SLAVER

By United Press Leased Wire
Milwaukee.—Mrs. Ethel Pickard,
who came here from Kansas City with
the expectation of marrying Stephen
B. Coleman, was under arrest with
Coleman Saturday, charged with vio-
lation of the Mann act. It is said Cole-
man refused to marry her after she
reached Milwaukee.

According to the police, Mrs. Pick-
ard was divorced from her husband,
Charles Pickard, in 1918, and for some
time has been living with a man
named Stewart as his common-law
wife. She is said to have left her 7-
year-old son in the care of relatives
and left Kansas City without telling
Stewart where she was going. Cole-
man is said to have sent her money
for transportation to Milwaukee.

GAME ASSOCIATION IS GROWING FAST

Window Displays in Downtown Stores Attract Large Number of Spectators.

Fully 100 new members have been obtained by the Outagamie County Fish and Game Protective association in its membership drive now in progress. Many voluntary applications are being received and teams are working hard to swell the total to at least 700.

Attention is directed toward the campaign by novel window displays in several downtown stores. These contain stuffed animals or large fish.

Automobile Accidents on the Increase

Dont' run the chance of law suits. Insure your auto or truck in strong companies. Get a 5 in 1 policy from

STEVENS & LANGE
Office Over
Downer's Drug Store
Telephone 178

caught by local gamblers, fishing tackle, skins, pictures and many relics of the outdoor life. Hardware stores are helping to educate the public in the use of modern fishing and hunting devices through displays of the equipment.

Protection and conservation of fish and game is the motive back of the membership campaign. Fishing with nets and poisonous killing of game is out of season, has been fought for some time by farseeing men of the association who do not want to see the days of outdoor sportsmanship and through extermination. Their only recourse is strong and reasonable planned laws together with the means of enforcement. The larger their organization, the stronger they feel their influence will be to secure the needed cooperation of the legislature.

DEATHS

MRS. F. E. WIGGINS
Funeral services for Mrs. F. E. Wiggins, mother of Mrs. H. L. Post of this city, were held in Oshkosh Thursday afternoon. Burial was at Rosebud cemetery. Deceased died Tuesday afternoon following a long illness. She was a resident of El Dorado for many years.

MRS. ELLEN M'GLONE
Mrs. Ellen McGlone, 68, died at 4 o'clock Thursday morning at her home in the town of Deer Creek. She was born Feb. 20, 1852, in County Mayo, Ireland, and came to America in 1873. She lived in New York for a year and then came to New London, where she resided up to the time of her marriage Feb. 7, 1877. Mrs. McGlone then moved to a farm in the town of Deer Creek, where she lived until her death. Three children preceded her, in death.

The survivors are her widow, six children, Michael D. McGlone and Mrs. Mathew McGinnis, Appleton; William J. McGlone, Racine; Mrs. William Conlon, Patrick and Francis McGlone, Deer Creek; one sister, Mrs. Michael Moarn, Deer Creek, and 15 grandchildren.

Funeral services were held at 10 o'clock Saturday morning from St. Mary church, Deer Creek. Interment was in St. Mary cemetery.

SCHULZ FUNERAL
The body of the late Mrs. William Schultz arrived Friday morning from Leona, and was conveyed to Zion Lutheran church, where funeral services were conducted at 1 o'clock in the afternoon by the Rev. Theodore Marsh. Burial was in Riverside cemetery. Relatives and friends from Leona, Kenosha and Milwaukee were present.

MRS. D. M. HAMMOND
Mrs. D. M. Hammond, sister of W. M. Roblee of Appleton, died at 2 o'clock Saturday morning at Shiocton after an illness of about three weeks. One daughter, Mrs. Alex Hill, Wisconsin Rapids, and a son in the west, are survivors.

The funeral will be held at 1 o'clock Monday afternoon from the Shiocton church. Interment will be made in the Ellington cemetery.

Roof Fire
A small roof fire at 880 Durkee-st. caused the fire department out Friday morning. The damage was slight.

PERSONALS

Mrs. Henry Probst and son Earl Henry and Mrs. Mary Kersten and Miss Hannah Kersten of Daroo, visited friends in DePere Thursday.

Mr. and Mrs. John Jacquot, who spent the greater part of the winter in Los Angeles, Calif., expect to leave for home, Sunday, April 3.

Mrs. Q. D. Marston is expected home from California early next week.

Alvin Lueck of Milwaukee, who has been visiting Appleton friends for several days, leaves for Aurora, Ill. Monday, where he will take charge of a large mercantile establishment.

Miss Eleanor Schneider has returned from Mattoon, where she spent her Easter vacation.

Raymond Dohr returned to Notre Dame university at West Bend, Ind., Friday after spending his Easter vacation with Appleton relatives.

Miss Esther Hammel returns Sunday to Antigo, where she is teaching in the public schools.

Mr. and Mrs. Lloyd Scott of Black Creek were guests of Appleton friends Friday.

John Bushey made a business trip to Winneconne Friday.

Miss Olive Kaufman, who is attending Bushey business college, returned Wednesday from a short visit with her parents in Niagara. Miss Jule Housner accompanied her to Niagara as her guest.

Miss Margaret Engler spent Friday at Neenah.

Emery Ruesch, clerk in the money order department of the postoffice, is confined to his home with illness.

Bill Steffens of Hortonville, was here on business Friday.

Mr. and Mrs. C. H. Bushey of Milwaukee are visiting here.

E. E. Hemmingsway of Milwaukee, was here on business Friday.

James Nelson of Shiocton, was here on business Friday.

James Tumit and brother Frank of Neenah, visited here Friday evening.

Lawrence Horkin and James McCabe of Menasha, visited in the city Friday evening.

Miss Helen Steidl of Menasha, visited friends here Friday.

Emil Krause of Milwaukee, is visiting his mother, Mrs. Julius Krause, 506 Mason-st.

Elmer Goodland, who has been visiting his parents in Oshkosh, returned to the city Friday.

Christ Grunski of Neenah, was here on business Friday.

George Parks of Neenah, attended the dance given in Armory G. Friday evening.

E. P. Winter of Fond du Lac, visited here Friday.

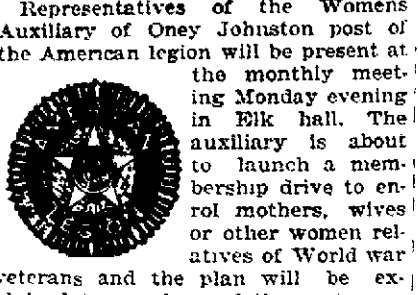

H. G. Wailek of Oshkosh, was here on business Friday.

Mrs. R. J. Noel and family are visiting at the home of Mrs. Noel's father in Green Bay.

The church council of Trinity English Lutheran church will meet at 8 o'clock Monday evening at the parsonage, 707 Oneida-st.

BOOST AUXILIARY AT LEGION MEET

Oney Johnston Post Will Help Women's Organization Boost Membership.

Representatives of the Women's Auxiliary of Oney Johnston post of the American legion will be present at the monthly meeting Monday evening in Elk hall. The auxiliary is about to launch a membership drive to enroll mothers, wives or other women relatives of World War veterans and the plan will be explained to members of the post.

A packed house is expected to hear Attorney Patrick H. Martin, Green Bay, who is to be the speaker of the evening. The day is an epoch to most service men. It is two days after the anniversary of the entry of the United States into the World war, and also the second anniversary of the founding of the post.

Most of the Civil war veterans have accepted the invitation of the post to be special guests at the meeting. They have expressed their keen appreciation of the honor. One of their number will be asked to make a brief address.

Officers of the legion are working to make this meeting the most largely attended of any in the history of the organization. Additional chairs will be provided so there will be ample room for all who come.

Start Services Earlier
Morning worship of Mount Olive English Lutheran congregation in Bushey Business college will start at 10:15 instead of 10:30 on account of the quarterly business meeting which is to follow the service. Business matters of importance are to be transacted.

Raser to Speak
Lee C. Raser, principal of the high school, is to speak at the meeting of the Young Peoples Alliance Sunday evening in the Evangelical church. His subject will be "The Church and Appleton Morals."

SELECT WORKERS FOR SCOUT DRIVE

Boy Scouts Distribute Posters and Letters Announcing Coming Campaign.

Further plans for the coming campaign to raise \$7,500 for boy scout work were completed at a meeting of team captains of the Rotary club Friday evening. The campaign will start Wednesday.

Twelve hundred attractive posters have been placed in windows and in other places by scouts, announcing the campaign. The Wisconsin Telephone company permitted use of its poles for this purpose when E. R. Henderson, scout executive, assured officials that all signs would be taken down and tacks removed by the boys when the drive is over.

Scouts will deliver 1,500 letters in person Saturday and Monday to various Appleton people telling about the campaign and asking them to be ready with a contribution when the drive starts. Each letter is accompanied by a receipt which the receiver signs, just as though a telegram was being delivered.

Plan Camp
At a meeting of the Employed Boys Brotherhood Friday evening at the Y. M. C. A., it was agreed that the organization would observe the second week in August as camp week. The boys will camp at Big Arbor Vitae. Other routine business matters were discussed. A social time followed the meeting.

VELIE GETS THREE YEARS FOR ROBBERY

New London Man Is Committed to Green Bay Reformatory Friday.

Floyd Velie was found guilty of robbing the Northwestern Railroad company's depot at New London of several hundred dollars, in municipal court Friday and was sentenced to Green Bay reformatory for a term of three years. He was taken to Green Bay by Sheriff P. C. Schwartz Saturday.

Velie is the third prisoner committed to the Green Bay institution from municipal court since the first of the year. Six other prisoners also have been sentenced to the state penitentiary during that time. The terms of imprisonment ranged from one and one-half to four years.

Start Farming Soon

Farmers are expecting to get on the land next week if weather conditions continue as favorable as they have the last few days. The high places already are dry and the winds are getting in good work on the lowlands.

Most of the farmers are doing preliminary work such as ditching, tiling and repairing fences. Some are working on the roads, grading and filling in the low places.

LEGAL NOTICES
NOTICE TO CONTRACTORS
Approximately 5 miles of Concrete Road.

Sealed bids will be received by the County-State Road and Bridge Committee of Outagamie County, Wisconsin, up to 2:00 P. M. on Monday, April 4, 1921, at the office of the County Highway Commissioner in the Court House in the City of Appleton, Wisconsin, three ways.

1. Contractor to furnish all labor and material, cement, sand and stone or gravel.
2. Contractor to furnish all labor and material except cement.

3. Contractor to furnish all labor, County to furnish cement, sand, stone or gravel.
For building the following roads: Little Chute Hill on Trunk Lines 15 and 18, approximately one-half mile or 6,584 square yards of 18 foot pavement.

Seymour-Appleton Road, approximately two and one-half miles or 13,280 square yards of 1 foot concrete pavement.

Greenville-Shiocton Road, approximately one and one-half miles or 14,932 square yards of 18 foot concrete pavement.

If County furnishes cement, same will be furnished F. O. B. cars the nearest railroad station. The contractor to stand all demurrage on cement, sand, gravel or stone if furnished by County.

Each bid must be accompanied by a certified check of \$1,000 payable to the County Treasurer of Outagamie County, Wisconsin.

Plans and specifications for this work are on file in this office. Any additional information may be secured in the office of the County Highway Commissioner.

Dated this 24th day of March, A. D. 1921.

Keep Your Circulation Young

TUCKER'S VIOLET RAY

What It Does

An increase of blood supply to the spot where the applicator is applied.

A general increase in oxidation and local nutrition.

This is proved by the fact that Violet Rays have restored gray hair to its natural color, and grown new hair on the scalp after the hair had died of starvation.

An increase of oxygen in all the blood of the body, which is the basis for a greater degree of vitality and strength.

Poisonous elements which have been stored in the tissues are rapidly expelled.

Rheumatism yields to this cleansing process.

An increase in all necessary secretions. This means that digestion and assimilation are increased and all the weakened and paralyzed functions will be restored to normal.

Application to the spine increases the activity of all vital organs. The sympathetic nervous system which controls all processes of nutrition and elimination is aroused to positive activity.

And You Will Be Young

Valley Electric Co.

667 APPLETON ST.

NOTE: This production will be shown at the Bijou Tuesday and Wednesday to complete the three-day run in Appleton.

Event Extraordinary

When RALPH DUNBAR, the famous producer was deciding what Opera he would offer next following the triumphal tours of his ROBIN HOOD and THE CHOCOLATE SOLDIER he mailed TEN THOUSAND POSTAL CARDS to prominent theatre patrons of the middle west asking which of their favorite operas they preferred he should send them next, the answer came flying back almost unanimous

"THE MIKADO."

Liberetto by Wm. S. Gilbert, music by Arthur Sullivan. Here are a few reasons for choosing THE MIKADO.

Because the music is the brightest and the comedy the funniest of all light operas. — FROM A CINCINNATI PHYSICIAN.

I want to have one more good laugh at Ed. Andrews as KO KO before I die.—FROM AN OKLAHOMA JUDGE.

I sang it once and now I want to see it done by professionals. — FROM A DALLAS CHOIR SINGER.

After witnessing Mr. Dunbar's wonderful revivals of ROBIN HOOD and THE CHOCOLATE SOLDIER I can imagine nothing more delightful than the MIKADO DUNBARIZED. I should expect it to rival the original production from London.

AND MR. DUNBAR HAS FULFILLED ALL THEIR EXPECTATIONS. He is sending Mikado with a wonderful cast of the best American artists. The chorus sings as only DUNBAR CHORUSES can and is made up of manly young men and beautiful AMERICAN GIRLS from the best homes.

The first act discloses an ideal Japanese village. The second is a veritable Rainbow garden of poppies and cherry blossoms.

KAUKAUNA NEWS

Melvin Trams Telephone 329-J
Kaukauna RepresentativePUBLIC FAVORS
H. S. BOND ISSUEStudents Find 700 Out of 1,000
Voters Favorable to New
Building.

Kaukauna—General assembly period Friday in the high school was turned over to discussion of the new high school proposition. Talks on the new building, its value, and the possibilities of the bond issue being carried were given by Harold Derus, Miss Elizabeth Schumann, Leo G. Schumann, principal, William Waterpool, teacher of science, and Stanley McCarty.

Mr. Waterpool explained that his citizenship class had been canvassing the city to obtain the sentiment of voters. The students, up to Friday, had spoken to approximately 1,000 voters, finding about 700 people in favor of the bond issue and 303 against it. Others were undecided.

It was computed that the city contains perhaps 2,000 voters. Of the ratio of 7 to 1 is applicable to the other half, Kaukauna is assured of a new high school. But the danger, said one of the speakers, lies in the fact that the good vote may stay home election day. The ones against the measures are always sure to turn out, and the speaker urged the students to try to get every person over 21 years of age who is in favor of the measure to go to the polls next Tuesday.

One of the speakers mentioned that those opposed argue that the people cannot afford to pay taxes on both the new high school and the municipal building. As has been stated numerous times, the municipal building is to be paid for by the city electrical department. The city will merely back the company with its money in case something happens which would prevent the electrical department from earning the money needed. At present the electrical department is earning a clear net profit of \$5,000 a month, a total of \$60,000 a year. With that much revenue, the building can be completely paid for in a little over a year, without a cent coming from the taxes of the public.

Pink Ticket Sale
A stiff campaign on ticket selling for the high school opera is being conducted in the schools and throughout the city. More than 500 tickets have been given to willing students and many are already asking for another allotment to sell.

A grand march in the high school Friday noon increased the possibilities for financial success of the play by \$17. Marching to the music of the high school orchestra, the students passed through main hall and bought tickets at a table placed there for the purpose.

Rehearsals are rapidly developing the opera. "The Windmills of Holland" is a two act play, somewhat like a musical comedy. The songs are of a quaint Dutch type in keeping with the atmosphere of the rest of the play. Some very efficient singers, especially among the boys, are being discovered, and it is believed the musical end will not be wanting.

Y. P. S. Social
A pie a-la-mode social will be given Wednesday, April 6, by the Y. P. S. of Trinity Lutheran church. Music will be furnished by the church orchestra.

Fox Club Dance
Elaborate preparations are being made for the annual Fox Club dancing party to be held in Elk hall Friday, April 15. The hall will be appropriately decorated for the occasion. Music will be furnished by the Valley Country club orchestra. The party will be informal.

W. C. O. F. Installation
Sacred Heart Court No. 558, Women's Catholic Order of Foresters, will hold open installation of officers at the meeting next Wednesday evening in Forester hall. Each member will be permitted to bring a friend.

Lady Elks Meet
A meeting of the Lady Elks was held Friday afternoon in Elk hall. Routine business was transacted after which a social time was enjoyed. Lunch was served.

PAPER COMPANY GIVES DEED TO SECURE BONDS
A trust deed of Thilmany Pulp and Paper Co. of Kaukauna to the First Trust Co. of Appleton, trustee, securing an issue of first mortgage gold bonds not exceeding \$1,000,000 was recorded at the office of register of deeds Friday. The deed was in pamphlet form and covered 49 pages of closely printed matter. It was signed by M. A. Wertheimer, president, and George J. Stansbury, secretary, on the part of the paper company, and C. S. Dickinson, president, and H. W. Tuttrup, secretary, on the part of the trust company.

A Correction
In an article which appeared March 30 in the New London papers and in a circular letter, the following statement appeared: "To elect a candidate who has not taught for the last eleven years would be a blunder."

My opponent takes exception to this statement. On careful inquiry I am informed by some of my opponent's friends that my opponent discontinued teaching four years ago, while others inform me that it was eleven years ago. If I be in error, I do not wish to do an injustice to my opponent, and I cheerfully correct the statement and make it four years instead of eleven years, if these are the facts.

A. G. Meeting

Remodels Barn
Levi Hoh, town of Grand Chute, is remodeling and improving his large dairy barn. The roof is being raised to make the loft higher, the stables remodeled and modern labor saving and sanitary devices installed.

WELSH SINGERS
DELIGHT HEARERSConcert by Dinevor Welsh Concert Company Is Given
in Brokaw Church.

Kaukauna—The Dinevor Welsh Concert company appeared in recital before a small but appreciative audience Thursday evening at Brokaw Memorial church. The group gave a program that was paramount to any yet given in the city. The duet "Misereatur" by Jeanette Christine and Ben Davies was perhaps the favorite number of the evening.

The soprano, Miss Christine, is a former opera singer. Her first appearance made her the most popular person of the company. Possessed of a wonderful voice, Miss Christine seemed at her best in her numbers, "Se Saran Rose," "For You Only" and others which were enthusiastically received by the audience.

"Somewhere a Voice is Calling," a duet by Ben Davies and Miss Christine elicited unusual appreciation from the listeners.

Close School Quarter
Quarterly examinations for the third quarter were held in the training school Friday. The fourth and last period of the school term begins Monday. The senior class will begin manual training under the tutelage of Miss Dora Behrend.

Entertainers Club
W. J. Paschen entertained the Jolly Seven club at his home Friday evening. A social evening was held and lunch was served.

W. O. T. U. Meets
The regular meeting of the W. O. T. U. was held Friday afternoon at the public library. Routine business was transacted.

K. C. Colonial Dance
Nearly 100 couples attended the Colonial dancing party given Friday evening in Eagle hall by the Knights of Columbus. Guests created a picturesque looking scene with their colonial costumes. The hall was beautifully decorated in crepe paper. The orchestra was nearly hidden by pots of ferns placed along the edge of the rostrum.

Show Pictures Sunday
The first of a series of stereopticon pictures will be shown Sunday evening at the Methodist church. The pictures are hand painted, representing the life of Christ from the anointing to the rejection at Capernaum. They also show the Savior's appearance after the resurrection. The program will begin at 7 o'clock.

Ashe to Lead
W. F. Ashe will lead the devotional meeting of the Epworth League of Brokaw Memorial church, Tuesday evening in Epworth home. "Thy Kingdom Come—In My Church" will be the subject of discussion.

Kaukauna Personal
The Misses Lorraine Mitchell, Ella Denzer and Olive Jacobson, were Appleton visitors Tuesday.

Miss Grace Trautman is visiting in Manitowoc for a few days.

Arthur Look was a business visitor in Appleton Friday.

Mrs. William Klumb, Jr., Mrs. August Seifert and Mrs. A. Sager were in Appleton Thursday where they attended a meeting of the Reformed church Ladies Aid society held at the home of Mrs. Peter Ryser.

William Johnson returned Friday from a week's visit in Dayton, Ohio. Mrs. Johnson remained there for an extended visit.

Chester Fuerst of New London, is visiting at the home of A. Sager.

Mr. and Mrs. Joseph La Fèvre have moved to their new home on Wisconsin-ave.

Mrs. Charles Wurth of Sheboygan, is visiting at the home of Mrs. John Pronto.

Arthur Pronto of Antigo, is home to spend the weekend.

MY FIRST JOB

HUGH G. CORBETT
Secretary of Chamber of Commerce

The first money I ever earned was by acting as guide in the woods of Canada, when I was about 12 years old. I lived there with my grandparents. One time a traveler came to our cabin, which was a log house, and wanted to know the way to a certain lumber camp. He was afraid he would get lost in the woods so I was delegated to take him to the camp.

We got to the camp soon after dark, and I received my money. The men didn't want me to return home that evening, but I decided I would rather go home than stay in the camp with those men. All went well until I came to a river which I had to cross in order to reach my home. There was no bridge and in the dark I could not see the trees which were felled across the stream. I had one match and with that I started a fire from some birch bark which I found near, and I managed to keep a fire going until daylight.

My first real job was in that same lumber camp as cook's devil. I received \$10 a month. The work was too heavy for me, and the men, after working hard in the woods, would come home and help me finish up. It was with their help that I managed to make good on the job.

Remodels Barn

Levi Hoh, town of Grand Chute, is remodeling and improving his large dairy barn. The roof is being raised to make the loft higher, the stables remodeled and modern labor saving and sanitary devices installed.

AUTOS MUST HAVE
1921 LICENSESPolice Will Arrest All Drivers
Who Carry Last Year's
Plates.

No automobiles will be permitted to operate on the streets of Appleton without a 1921 license. The time limit allowed by George T. Prim, chief of police, to renew 1920 licenses was up April 1, and an active campaign is to be waged against car owners who have failed to send for their new plates.

"All officers have been ordered to arrest drivers whose cars carry old license plates," said Chief Prim. "This also applies to machines having no license plates at all. We have given everybody ample time to apply to

cussions were conducted by several nurses and there were many prominent speakers on the program.

SHE TOOK HER
FRIEND'S ADVICE

Now is in the Best of Health
Because she took Lydia E.
Pinkham's Vegetable
Compound

Detroit, Mich.—"I was not feeling well for several years and never was able to eat any breakfast and always complained of a headache and tired feeling which at times required me to stop my work and rest. I have never had a physician and never took any medicine for it until yours was recommended to me by a neighbor whom I used to visit frequently. I took four bottles of Lydia E. Pinkham's Vegetable Compound, and now I am in the best of health and enjoy doing my work every moment of the day."—Mrs. L. M. DARRAS, 46 Howard St., Detroit, Mich.

It is not always in business that a woman is forced to give up her work on account of ill health. It is quite as often the woman who does her own work at home. When backaches and headaches drive out all ambition, when that bearing-down sensation attacks you, when you are nervous and blue, the one great help for such ailments is Lydia E. Pinkham's Vegetable Compound.

the secretary of state and it is the intention of the department to enforce the law."

Chief Prim says drivers who have sent in applications and have not received the new plates will not be held. They must produce their money order receipt or other satisfactory evidence to show that this has been done, however.

Thilmany Pulp & Paper Company

First Mortgage 7½% Serial Gold Bonds, Series "A"

Dated April 1, 1921. Maturing serially April 1, 1922 to 1931. Principal and semi-annual interest, April 1 and October 1, payable at The Merchants' Loan and Trust Company, Chicago, Illinois, or at the First Trust Company of Appleton, Wisconsin, Trustee, at the option of the holder. Coupon bonds of \$1,000, \$500 and \$100 denomination, registrable as to principal only. The bonds are subject to redemption at the option of the Company on any interest date beginning April 1, 1926, at par and accrued interest, plus one per cent premium for each year or fractional part thereof of unexpired life of the bonds, but such premium shall not exceed five per cent. Authorized \$1,000,000. Outstanding \$500,000 Series "A" (this issue).

Normal Federal Income Tax of 2% paid by the Company.
From the accompanying letter signed by Mr. M. A. Wertheimer, President of the Company, we summarize as follows:

These bonds are the direct obligations of the Company, which has been in successful operation for many years at Kaukauna and Appleton, Wisconsin, in the heart of the Fox River Valley, one of the great pulp and paper producing districts of the country.

The bonds are secured by a first mortgage on the fixed assets consisting of plants, equipment, etc., which were appraised in 1918, after depreciation, at approximately \$2,000,000 to which net additions of over \$440,000 have subsequently been made, giving a present valuation, after depreciation, of over \$2,440,000, or nearly five times the par value of the bonds now issued and outstanding. These assets are carried on the balance sheet at \$1,283,061.91.

Net earnings for the last ten years, after interest charges but prior to Income and Profits Taxes, have averaged over \$550,000 annually, which is at the rate of over 14 times the maximum interest charges on \$500,000 issued bonds and is at the rate of over six times the maximum annual requirements for principal and interest. Net earnings for the year 1920 were well above the average for the 10-year period.

We recommend these bonds for conservative investment.

PRICES AND MATURITIES	
\$50,000 April 1, 1922 99½	\$50,000 April 1, 1927 99

OUTAGAMIE COUNTY'S OPPORTUNITY
Next Tuesday's election offers an opportunity for Outagamie county to bring an important office to its county seat. For more than twenty years no Outagamie man has held a state or national office, with the exception of the state legislator. At present we are represented in congress by an Oconto county man, and our state senator is from Shawano county. Surely the counties associated with Outagamie in these districts cannot accuse this county of being selfish in its aspirations for important offices.
In next Tuesday's election a choice is to be made in the selection of circuit judge who will conduct that tribunal in the Tenth judicial circuit for the next six years, and for this important office Outagamie county has a most worthy candidate. Mr. Krugmeier, the indorsee of the Outagamie County Bar association should have the solid and undivided support of the voters of this county. He is the home candidate, he is eminently qualified for the position, he has the proper temperament, and from every standpoint is admirably fitted for the office to which he aspires.
Outagamie county's interest in the election of Mr. Krugmeier as judge is more than a passing one. Outagamie county contains by far the largest population of any county in the circuit. Its assessed valuation is over \$13,000,000 in excess of Shawano and Langlade counties combined. Its population is more than the other two combined and the number of voters far exceeds the total of those two counties. The result then in Tuesday's election will mean a victory for Outagamie county if its voters do their duty and solidly back up their home candidate.
Bringing the judicial chambers to this county is merely placing them where they logically belong. With the vastly greater number of litigants and amount of litigation originating in Outagamie county, it places the judgeship within easy access of those who have dealings with the court. The friends of Mr. Werner, Mr. Krugmeier's opponent, are making a determined effort to keep the chambers in Shawano by returning Mr. Werner to the bench. It seems therefore that if it be a good thing for Shawano county, as these workers would have the voters of Shawano county believe, it would be even a better thing for Outagamie county to have the judicial chambers located here.
Much campaign material is being made by Judge Werner and his friends of the claim that 46 out of 59 attorneys in the judicial circuit signed his nomination papers and are therefore pledged to support him. While it may be true that they signed his nomination papers, it does not necessarily follow that they will give him their unqualified support. They fail to state but half the story, and in fairness to Mr. Krugmeier we feel that the voters should know that many of these signatures were obtained before Mr. Krugmeier had announced his intention of becoming a candidate. The fact, however, that Mr. Krugmeier's candidacy was unanimously indorsed by the Outagamie County Bar association consisting of about thirty members is conclusive evidence that Mr. Werner cannot count among his supporters the large majority of attorneys which he claims. It is significant too, that we find no record of such an unanimous indorsement of Mr. Werner in Langlade or even his home county of Shawano.
While it is true that attorneys do not elect their judge, it is of the utmost importance to them that the best man obtainable be indorsed by them, and in this choice Mr. Krugmeier apparently has the stronger position. Voters, also, should take into consideration the action of local attorneys in their indorsement. It is the best guidance that can be given them in making their decision at the polls.
With the matter placed fairly before

the voters, and with the interest of Outagamie county uppermost in their minds, we believe the electors of this county will go to the polls on Tuesday and deliver a majority for Mr. Krugmeier that will insure his election.

GET OUT AND VOTE
Interest in elections on the part of thousands of voters has been waning noticeably during the last two or three years. That this is true is a most regrettable state of affairs. The ballot when placed in the hands of a voter, becomes his most powerful tool in a democratic form of government, whether it be used in the selection of men or women for our least important offices or that of the president of our great nation.
The people of Appleton and Outagamie county may be tired of politics, but the coming election must be regarded as most important. In Appleton, the election offers an opportunity for the selection of the very best men possible for city offices. Appleton has taxable property amounting to more than \$25,000,000 which will be in the care of the city officials. An assessor is to be elected and it is very important that the most capable man be chosen.
Outside the cities of Appleton and Kaukauna is to be chosen a most important county official and that is a county superintendent of schools. The Post-Crescent believes that for the best welfare of our country schools, Mr. Meating, the incumbent, should be returned. Outagamie county schools under Mr. Meating's direction have been brought up to a standing of one of the first four counties in the state. No chance should be taken of weakening our county school system by making a change at this time.
In the Tenth judicial circuit of which Outagamie county is a part, a judge is to be chosen: the most important office to be filled at this election.
Thus this election should not be considered of little consequence. It is of vital importance to every voter in the county. If the voters do not choose wisely so that the affairs of city, town, county and district will be administered in a business-like manner, it is their own fault. The voters have it in their power to elect such public officials if they take sufficient interest in the election to go to the polls on Tuesday and vote. The Post-Crescent urges every qualified elector to perform this binding duty.

WORLD PRICES
When you pay your bills you probably think that the cost of living has mounted higher in the United States than in any other country. Quite the contrary.
Americans have had easy sledding, compared with most nations. Below is a table compiled by the Federal Reserve Board. It shows the high-water price mark in leading countries, measured in their own currency, and the percentage of increase compared with pre-war prices, also the month when the bubble burst. These are wholesale prices, but they show the general drift:

HIGHEST REACHED	DATE OF PEAK
Germany 1513%	Not yet reached.
Italy 573%	April, 1920.
France 458%	April, 1920.
Sweden 266%	June, 1920.
Japan 211%	March, 1920.
Great Britain 213%	April, 1920.
United States 172%	May, 1920.
Canada 163%	May, 1920.
Australia 136%	August, 1920.

Prices in Germany, says the Federal Reserve Board, are more than 16 times as high as in 1914, and are still going up.
In all other countries, prices are going down. The world collapse of high prices started in Japan in March, 1920. Japan's deflation has been more rapid than any other country's. Logically, therefore, Japan should be the first nation to get back on its business feet. This, however, is not necessarily so. Japan has greater inflation to reduce than the United States. Our own deflation is practically accomplished and in point of fact we are, as we ought to be, in the strongest position of any nation to compete for foreign trade and to restore ourselves to sound domestic prosperity.

AN AID TO LOVERS
A device that will make the human heartbeat audible hundreds of miles away was demonstrated the other day at the army signal corps laboratory in Washington.
It's a simple contraption, and can be used over telephone wires for any distance. An electrical stethoscope is placed over the heart. Presto! Out over the telephone wires go the vibrations from the heart. These vibrations are repeated by the phonograph at the other end of the line, the sound being magnified thousands of times so that it's more like the chugging of a steam engine.
By using this device, a physician in New York might make a stethoscopic study of the heart action of a patient in San Francisco.
And, too, brought to its highest utility, might not the lover at work in his office convey to his sweetheart in a far off summer resort his undying love? If the pitter patter of the heart is proof of love and devotion, here's the ideal long-distance method of conveying the message.

Health Talks
BY WILLIAM BRADY, M. D.
Noted Physician and Author.
Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual case cannot be considered. Address Dr. William Brady, in care of this paper.

OXALIC ACID FOOD FALLACIES
Nearly every fair to middling good doctor who sets up as an authority, or, blushing slightly though not painfully, let me say rather a teacher of hygiene and personal health, goes daffy on something or other. With me it is the catching cold superstition, they tell me; I am quite solid on that subject. But I may say that, just as I am solid on the commutable character of the respiratory infections which well known (and politically well heeled) health officers regularly declare are caused by low necks, thin stockings and zephyrous garments; so Dr. Dick seems to have flown off the handle on the subject of sugar for children or even for adults; and likewise Dr. Harry is a little queer on the subject of a vegetarian diet and the subject of oxalic acid in food.
Oxalic acid is a rank poison. That's proposition No. 1, and there can be no debate about it.
Iodine is a rank poison. Yet we eat many things that contain iodine, and not only without injury but with real benefit to health.
Here are a number of wholesome foods which contain more or less oxalic acid—they are listed in order, the items containing the most oxalic acid first:
(Eschsch's determinations as reported by Minkowski, published in "Diet in Health and Disease," by Drs. Friedenwald and Rubrah. W. B. Saunders Co., Philadelphia, Fifth Edition.)

In 1,000 grams of the food	Oxalic Acid	In 1,000 grams of the food	Oxalic Acid
Cocoa	4.5	Beets	0.4
Black tea	3.7	Spinach	0.3
Spinach	3.2	Tomatoes	0.05
Rhubarb	2.4	Carrots	0.03
Gooseberries	0.13	Celery	0.02
Bread crust	0.13	Rose Cabbage	0.02
Plums	0.12	Bread	0.047
Figs (dried)	1.0	Various flours	0 to 0.17
Chocolate	0.9	Potatoes	0.1
Potatoes	0.4	Coffee	0.1

Even chicory, if there is any used to adulterate or flavor coffee, contains 0.7 gram of oxalic acid to the thousand grams. Yet none of these foods should be avoided by ordinary individuals.
Oxalic acid is eliminated in the urine of a normal adult in the daily amount of 0.001 to 0.003 grams. If the normal acidity of the urine is diminished, the oxalic acid (as calcium oxalate crystals) may not be kept in solution, and this is sometimes a factor of stone formation in the kidney or bladder. There is also a state of ill health associated with the presence of oxalate crystals in the urine, of which the characteristics are dyspepsia, irritability, depression of spirits, lassitude and sometimes hypochondria, all of which may disappear within a few days if the patient is kept on an oxalic-free diet and given suitable medicines to favor solution of oxalic acid or calcium oxalate in the urine.
It should be clearly understood that the acidity or sourness of a vegetable or fruit has no relation to the amount of oxalic acid it contains; and that foods containing oxalic acid do not have anything to do with the production of acid stomach or acid urine or uric acid.
Among the best foods of opposite oxaluria and favor the solubility of oxalic acid in the urine are apples, rye flour bread, potatoes, beef, beans, peas, sour milk, all fats, fish, weak coffee, rice, barley and hominy.
QUESTIONS AND ANSWERS
Fletcherizing Did It
I have been Fletcherizing for the past 2 1/2 years. Reduced from 230 to 155 pounds. Am feeling fine. Although I am 46 years old I feel like a sixteen year old kid. I eat but one meal a day, which I find satisfies me, under this plan. Good luck to you. (G. E.)
ANSWER—Horsee Fletcher himself accomplished a similar result, besides greatly improving his health and physical endurance. Those interested may read Fletcher's "The New Gourmand or Epicure," which is published by Frederick A. Stokes company, New York City, and may be obtained in most libraries.
The Effect of Calomel
I was amazed at your statement that "calomel has no effect on the liver." Of course I know one always follows it with a good dose of salts, or should do so, and salts in itself is enough to arouse most livers. But why give calomel, if it has no effect on the liver? (P. O.)
ANSWER—Neither has salts any particular effect on the liver. Calomel is a purgative by reason of irritating the bowel. Salts in purgative for the same reason, and salts further has an affinity for water which it extracts from the bowel lining. Any brisk purgative is likely to produce evacuations of bile if the liver is functioning and there is no obstruction of the bile ducts. That may have accounted for the notion that calomel does something in particular to the liver. Calomel is a very old physic, and old things, in medicine, are always deemed good, even old doctors. Calomel is given today because it has been given by so many generations before us, but there is no other good reason for preferring calomel to other physics. Calomel has a proper place in the treatment of syphilitic conditions in children and adults but as a mere physic it is unjustifiable and ought to be dumped in the scrapheap along with castor oil.

Twenty-Five Years Ago
Saturday, April 4, 1896
C. W. Young, salesman for Fox River Paper Co. was in the city.
Sons were born to Mr. and Mrs. John O'Hanlon and Mr. and Mrs. John C. Myer.
Ralph Pomeroy was spending the day with Oshkosh friends.
Mrs. B. W. Jones and Miss Sadie Harriman were guests of friends at Oshkosh.
Phil Check of Barnhart attended the G. A. R. meeting the evening previous and took the lid off a box of new stories.
All the churches had planned special services for Easter, the day following and all were to be bright with decorations.
Editor John Nagle of the Manitowish Pilot and Attorney Nash of the same city called on Appleton friends while on their way to Oshkosh.
Ground was staked out for the new sulphite mill at Neokosa and it was expected that building operations would begin at once.
A machine for making a patent paper shirt band for use in landrogs had just been installed in the Badger paper mill at Kaukauna. The patent consisted of the incorporation of threads of fibre with the paper to strengthen it.
Mrs. Frank Leimer, 60, wife of the proprietor of the Northwestern hotel, died after a short illness.
While at Kaukauna Capt. N. M. Edwards gave orders to construct a dam across the rapids from the head of Island No. 2 to the bank below the Western Paper Bag Co. mill in place of the needle dam located there. The dam was to be built to divert the portion of water that belongs to the center channel down to the Meade & Edwards canal.
John Tormow, 61, died at his home on Appleton-st.

The average number of bacteria in a teaspoonful of milk, kept under the most sanitary conditions, is 6,000,000. Some of them are probably doing useful work, but the others are decidedly pernicious.

An Alaskan Park
By Frederic J. Haskin
Washington, D. C.—The work of surveying the boundaries of Mount McKinley National Park, which is said to be the most remarkable of all the areas which the United States Government has set aside for the purposes of conservation and public pleasure, is to begin this spring. These boundaries will enclose a great area of primitive wilderness, teeming with game, in which it will be unlawful to kill that game except for miners and prospectors who are actually dependent upon it for a living.
It is hard at present to arouse popular interest in a national park in Alaska because it seems so far away. Yet the new Government railroad in Alaska will bring Mount McKinley within three weeks of New York City, and you can travel all the way, except the last 30 miles, by boat and rail. This means that Mount McKinley will be no harder for the tourist to reach than is Hawaii, which in recent years has attained such wide popularity. It will soon be possible to go, on a summer vacation of a few months, from the most populous city in the world to one of its most remote places, where wild life exists in the abundance of pre-Columbian days. This is an opportunity which the American tourist will not miss. It is said that plans are already under way for a big hotel there to accommodate him. It is probable, too, that the National Park Service will in due course install there the shelters for travelers which it has in other parks. Here, as in all national parks and forests, everything will be open to all. You cannot afford a hotel, you can take your own outfit and camp, or build your own cabin if you want to stay longer.
It is the prospect of this movement of tourists to Alaska, which has prompted the Government to set aside Mount McKinley as a national park. The prime purpose in creating the park is to protect the big game herds within it, and the reason for this is that game is an absolute necessity to the development of Alaska. The exploring, prospecting, and surveying which are the necessary preliminaries of civilization in such a country, cannot be carried on unless men can live off the country as they go along. Our own West could not have been opened up without the great herds of bison and the deer and elk that abounded in the mountains. No protection was ever afforded these wild herds, but they were not finally destroyed until they had served their purpose. The West was so far away from civilization that it was not menaced by tourists.
Conditions in Alaska
The case of Alaska is different. It is rapidly being made accessible to the civilization which owns it. If sportsmen and tourists are allowed to slaughter the game, soon there will be none left for the men who actually need it. The Alaskans are said fully to realize this and therefore to favor the establishment of the park. By preventing the shipment of game from it, and the carrying of arms into it by tourists, the game can without much expense be given all the protection it will need for years to come. The region will in this way serve as a reservoir from which game will overflow in all directions, keeping the country stocked.
The northern slope of Mount McKinley is said to be one of the finest game regions in the world. A great variety of game and fur-bearing animals exist there in abundance, and the most valuable ones from the standpoint of food are the mountain sheep, or highhorn, the moose and the caribou. The mountain sheep, which is elsewhere a rare animal, here exists in great numbers. The caribou

range in enormous herds that are so tame they travel alongside the pack-trails that enter the country, fascinated by the curious spectacle. Moose are found on the lower slopes in great abundance. There are many bears, and abundant small game.
All of this is on the northern slope, for the southern side is almost devoid of life. This curious state of affairs is caused by the fact that the northern slope of the great mountain is warmed by winds blowing off the Japanese current. As a result it has a warm summer. In winter the thermometer sometimes drops far below zero, but the snow is not very deep nor the climate difficult to endure.
"We are accustomed to think winter there is cold," said Charles Selden who spent a whole year alone on Mount McKinley. "Winter is the most delightful season of the year." He went on to say that he did not suffer from the cold even on the coldest days, and that he wore no more clothing than he would have worn in winter in the Adirondack Mountains. Winter, he says, is the best time for traveling over the mountain because then the ground is frozen and the footing is good. In the summer there are many little bogs and marshes.
Qualifications as a Park Site
This northern slope is described as one of the most beautiful regions in the world, rich in animal life, full of wild flowers, beautiful all the year round. The southern slope is a vast rock slide where almost nothing can live, covered in winter with snow which sometimes reaches a depth of 60 feet.
Mount McKinley is said by those who have seen it to be the most spectacular peak in the world. It rises in a great dome, crowned with glittering ice and snow, to an elevation of 17,000 feet, and is flanked by smaller mountains 14,000 to 15,000 feet high. A few hunters and a few prospectors, most of whom work on placer gold deposits, are the only human beings in the vast wilderness. Although it is rich in minerals it is said that no mining industries have yet been established within the park boundaries. The establishment of the park will not in any way interfere with mining and prospecting. It will, however, prevent private individuals from getting hold of the land and controlling it. It means that this region will be free to all Americans for all time.
This freedom is perhaps the greatest boon which is conferred by our whole system of national parks and forests and it is one that will be appreciated more and more as time goes on. The pity is that national parks and forests were not also established in the East before all of its wild lands fell into private hands. There are, of course, a few state and national parks in the East, but not nearly enough.
Reasons for Park Reservation
These national parks and forests in the West mean that there are great areas of beautiful country which will never be devastated, and where any man may roam, hunt, fish, camp or build his own cabin. What this is worth in health and pleasure to the people of the Rocky Mountain States, well know. What is equally important, though perhaps not so generally recognized, is the mental value of physical freedom. A man who has wandered freely in the great outdoors, building his campfire wherever he pleases, enjoying the sense of freedom, of escape from worry and of physical well being which springs from such a life, is always a man with a fine sense of his individual liberty.
All of the men who founded the American state, and who insisted so strongly upon the value of individual liberty, were men of the great outdoors. Patrick Henry and George Washington were both hunters and lovers of the wilderness. They had the feeling for personal liberty which sprang from the constant enjoyment of it. It is in great cities, with their crowds, their "don't" signs and their policemen on every hand that a man loses his sense of personal liberty and becomes a little cog. Liberty lives outdoors and individuality expands when you take the crowd pressure off it.

THE QUESTION BOX
(Any reader can get the answer to any question by writing The Appleton Post-Crescent, Frederic J. Haskin, Editor, Washington, D. C. This offer applies strictly to information. The Bureau cannot give advice on legal, medicinal, and financial matters. It does not attempt to settle domestic troubles, nor to undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.)
Q. How many gins are there in the United States? H. H.
A. In 1919, there were 22,418 cotton gins in the United States, 18,115 of which were active.
Q. Was the father of David Lloyd-George also named Lloyd-George? M. W.
A. David Lloyd-George's father was William George. The son was named David Lloyd. Mrs. George's maiden name being Lloyd. After her husband's death when David was two years old, her brother Richard Lloyd became her chief support, and also helped the boy start on his career as a solicitor.
Q. What was the Academic Legion? L. R.
A. This is a name applied particularly to an armed body of students who participated in the uprising of 1848 in Vienna; and also to similar student companies elsewhere in the revolutionary disturbances of that year.
Q. What was the total output of Portland Cement in the United States during 1920, and how many mills manufactured it? D. P.
A. During 1920, 100,000,000 barrels of Portland Cement was made, with approximately 80 mills manufacturing it.
Q. I sold a full can of cream which weighed 40 pounds—test 32 per cent. Next week I sold another which weighed 20 pounds but was sold it

tested only 20 per cent. How could this happen? O. F.
A. It would be quite possible for two cans of milk weighing the same amount to have a different test per cent, for the reason that this percentage is the butter-fat solids, and it is quite possible for the solids-not-fat to vary a great deal.
Q. Are there any birds which do not migrate? B. M. G.
A. The Bureau of Biological Survey says that among the birds which do not migrate are the red bird, mockingbird, woodpecker, chickadee, and titmouse.
Q. What is meant by the aricular finger? A. A.
A. This is a name given to the little finger because it can be introduced into the ear passage.
Q. What is Saka-time? E. H. C.
A. Saka is a system of reckoning time employed in India. It is used practically over the entire country, and is always employed in astronomical works. In order to reduce Christian dates to Saka time it is necessary to subtract 78 from the Christian year.
Q. What is the name of the garment that a herald wears that is embroidered with a coat of arms? A. W. A.
A. The sleeveless or short-sleeved cape or cloak emblazoned with his lord's arms, which a herald wears is called a tabard.

"I'll never take another Drop
in clothing quality as long as I live," said a young man this week as he showed our Mr. Stearns a suit (not ours) he had purchased three weeks ago—Priced 20 dollars—PATCHED IN 20 PLACES.
And he's not the only one who has sworn off the stuff.
With every turn of the clock, it seems some new face walks in—all through with poor clothes—all ready for ours.
And if there is one thing we particularly enjoy beside fishing, it's in taking these men by the hand—looking them in the eye—and leading them over to our clothing cabinets where every garment is as right as every coat—and where every price ticket is made on the theory that "large oaks from small acorns grow."

TALKS ON CITIZENSHIP
By D. O. KINSMAN, Ph. D.
Professor of Economics, Lawrence College, and Educational Director of the Wisconsin Society for Civic and Economic Education.
The Income Tax
Economic society has passed through many changes. Man first gained his livelihood by hunting and fishing, then by herding, then by agriculture, then by manufacturing and finally commercial activities became the dominant form of business undertaking. A system of taxation which is quite just in one period frequently proves very unjust in another. For example, when men owned equal amounts of property and received equal amounts of income, a poll tax was fairly just. But when the holdings became unequal, as they did, a poll tax proved very unjust. Later, a real estate tax was levied. As men added personal properties to their real estate holdings then the real estate tax became unjust. An attempt to correct the evil was made by including the personal property with the real estate for purposes of taxation.
Finally about 1780 the great Industrial Revolution began in England. And soon inventions in the woolen and cotton industries and the invention of the steam engine revolutionized first the industrial system of Great Britain and gradually that of the civilized world. Again, justice made is necessary to change the tax system. With the establishment of great factories large quantities of capital became necessary. To furnish this much needed capital the corporate form of business organization became common. Stocks and bonds appeared as a new form of property. These have very generally escaped taxation. Then, too, with the establishment of the modern factory system the salary and wage earning class increased greatly. The members of this class held little or no property and so paid no tax, or if they did, the amount was frequently out of all proportion to their known ability to pay. Some means must be devised to compel these new classes of citizens to pay their just share of the expenses of the government. An extension of the general property tax could not accomplish the purpose. It has been remarkably unsuccessful in reaching stocks, bonds and other evidences of debt. In some of our leading cities as high as ninety-eight per cent of such property has escaped taxation. As a means of reaching the salary and wage earning class the general property tax breaks down completely.
The new means for measuring tax-paying ability was first worked out and applied in England, the home of the modern industrial movement. In 1798, a tax was apportioned among the citizens based upon the amount of net income annually received by each. As the Industrial Revolution spread over the world the income tax followed in its wake.
We employed a "faculty" tax even in colonial days. But we did not begin the use of the income tax proper until about 1840. Prior to the adoption of the Wisconsin income tax law in 1911 the Federal government had twice enacted a law and sixteen of the states had more or less unfortunate experience with such a tax. In no instance had the tax been a success. This conclusion was reached after the author of these articles had made a thorough study of our American experience. The reasons for failure are set forth in a monograph

entitled "The Income Tax in the Commonwealths of the United States," published by The American Economic Association (1903) and in the Harvard Quarterly Journal of Economics for February (1909).
All this is to emphasize the fact that Wisconsin was facing a big task when she sought to enact a successful income tax law. Nevertheless the impossible was accomplished and the law has proven such a success that it has not only become a permanent part of our tax system but it has been copied by a number of other states. Besides attaining greater justice in the distribution of tax burdens, the law has become the source of a great deal of revenue, amounting to several millions of dollars annually.
In a brief space it is impossible to explain the details of the law, only the essential facts can be given.
The law accepts the principle that the citizens should contribute to the support of the state in proportion to their ability. But it assumes that the most just measure of ability is net income. The law provides for a detailed statement of the gross, or total annual income received by individuals and corporations. Then provision is made for a detailed statement of the expenses incurred in the acquisition of this income. The gross income minus the expenses gives the net income. Then single persons are allowed \$800 and married persons \$1200 for necessary living expenses. Two hundred dollars is also allowed for each child under eighteen years of age. When this exemption is subtracted from the net income the amount left is taxed. Corporations are allowed no exemption.
The rate of tax is progressive, that is it increases with the amount of taxable income. In the case of individuals it begins with one per cent and with corporations two per cent, the first one thousand dollars and gradually increases until six per cent is reached. The rate on corporations is double that on individuals until six per cent is reached.
For the purpose of assessing the incomes of individuals the state is divided into something over forty districts, the boundaries following county lines. An income tax assessor is appointed for each district by the State Tax Commission, the selection being made under civil service. This has proven one of the most valuable provisions of the law, contributing materially to its successful administration. The income of corporations is assessed directly by the State Tax Commission.
While the tax is assessed and collected under the supervision of the state, the benefits are intended to be local. As a consequence but ten per cent of the returns from the tax are paid to the state, twenty per cent to the county and the balance to the town, village or city in which the tax was collected.
This law is a distinct departure in the tax system of our state and its importance is likely to increase as our industrial system develops.
(One week from today Professor Kinsman will discuss "The Work of Our Industrial Commission.")

Society Notes

SOCIAL CALENDAR

SATURDAY—Ladies Auxiliary to United Commercial Travelers meeting at 3 o'clock; basket lunch and social at Odd Fellow hall.

MONDAY—First Ward Parent-teacher's meeting and spelling match. Travel class with Mrs. Samuel Plantz, 545 Union st. Clio club with Mrs. E. A. Morse, 460 College-ave. Music department of Appleton Womans club musicale at 4 o'clock in Womans club. Royal Neighbors of America at 7:45 in South Masonic hall.

TUESDAY—Tuesday club with Miss Anna Peterson, 784 North Division-st. Home economic department of Appleton Womans club at 4 o'clock in Womans club. Women of the Mooseheart Legion Tuesday afternoon card club in Pythian-Moose hall. Appleton Womans club community dancing party in Armory G.

WEDNESDAY—Appleton High school junior play at Appleton Theatre. Tenth number of Community Artist and Lecture series, Mrs. Maud Booth at Lawrence Memorial chapel. Monthly open card party of Lady Eagles at Eagles hall. West End Reading club with Mrs. L. H. Moore. Civics department of Appleton Womans club at 4 o'clock in vocational school. Deborah Rebekah lodge meeting at 7:30 in Odd Fellow hall. Elk ladies card party at 8 o'clock in Elk club. Ladies Auxiliary Catholic Order of Foresters sewing meeting at 7:30, in Forester home, Washington-st.

THURSDAY—Womans Christian Temperance Union with Mrs. S. J. Sorenson, 842 Garfield-st. Matinee musicale at 3:45 at Lawrence Conservatory of Music. Beavers at 7:30 in South Masonic hall. White Shrine at 7:30 in Masonic hall. Womans Christian Temperance Union meeting at 2:30 with Mrs. Marie Culbertson, 768 Franklin-st. Sunning club with Mrs. P. K. Ferguson, 574 South Division-st.

FRIDAY—Divisional-oratorical contest at Lawrence Memorial chapel. Over The Tea Cups club with Mrs. Herman Heckert, 701 Union-st.

Music Department—An important meeting of the music department of Appleton Womans club will be held at 4 o'clock Monday afternoon at the club rooms. Further plans will be made for the children's memory contest next May. The following program will be presented:

PaperMcFadden
Miss Marie Schommer
"Confession"McFadden
"Cradle Song"McFadden
Mrs. E. S. Dutcher
PaperVictor Herbert
Mrs. W. L. Crow
"Elevation"Florsheim
Miss Lillian Torrey
A social will be held after the program. A lunch will be served.

Miss Bartlein Wods—At high noon Saturday occurred the wedding of Miss Lucille Bartlein, daughter of Mr. and Mrs. Frank Bartlein, Harrison, and Henry C. Rosenow, son of Mr. and Mrs. Charles J. Rosenow of Menasha, the Rev. J.

who has directed the choir for the last year. Miss Harper was presented with an appropriate gift. Games were played, prizes going to Miss Corn Guenther and Fred Bushey. A dainty lunch was served.

Party for Choir—The Rev. and Mrs. F. L. Schreckenberger, 707 Oneida-st., entertained the Trinity English Lutheran choir at a social Friday evening. Games and stunts were played, prizes going to Miss Laura Sievert, Miss Myrtle Hoerning and Rheinhold Hoerning. Miss Viola Anderson of Madison, a former member of the choir was present. A dainty lunch was served.

Marriage Licenses—Applications for marriage licenses were made Saturday to Herman J. Kampas, county clerk, by Walter Technin of Center and Ida Beveritz of Black Creek; John Wennemans of Appleton and Margaret Randerson of Freedom; Harold Muehl of Seymour and Viola Raltheim of Milwaukee.

Miscellaneous Shower—Miss Regina Ahl was given a miscellaneous shower Thursday evening at her home at 1045 Oneida-st. by twelve young lady friends. Prizes

were won by Miss Lillian Rhode and Miss Verona Eisner. Miss Ahl is to be married Thursday, April 7, to Albert H. Schroth.

Entertain Husbands—Members of the P. E. O. Sisterhood entertained their husbands at a banquet at 7 o'clock Friday evening at Hotel Menasha. Mrs. E. A. Morse opened the program with two piano selections after which the men were initiated into the order of B. I. L.

C. O. F. Card Party—Attractive prizes are to be awarded at the second of the series of ten card parties given by the Catholic Order of Foresters at Forester home Monday evening. Schakopf will be played.

Barbers Union—The next meeting of the J. B. I. U. will be held in Trade and Labor council hall Monday, April 11. Following the business meeting a luncheon will be served.

Royal Neighbors—The regular meeting of the Royal Neighbors of America will be held at 7:45 Monday evening in South Masonic hall. Routine business will be transacted.

LEGION AUXILIARY IS PLANNING MEMBER DRIVE

An extensive membership drive for the Womans Auxiliary to Oney Johnston Post, American Legion, will be formally launched Wednesday. A committee will present the matter before the Oney Johnston Post Monday evening at the regular meeting and the two organizations will cooperate to make the drive a success. Details of the plans are being carefully worked out by the committee of which Mrs. Bonnell Little is chairman.

PIONEER BOYS VISIT KIMBERLY-CLARK MILLS

About 50 boys were included in the group of hikers to the Kimberly-Clark mills Friday afternoon on the T. M. C. A. educational tour under the supervision of J. E. Hennison. The boys visited every department of the plant. The regular Pioneer group hike was taken Saturday. The boys went out in the direction of the junction. The afternoon was spent in nature study and woodcraft. A camp fire was built and lunch was cooked before the boys returned home.

Mrs. Frank VanderLinden, 728 Fremont-st., who was injured by a fall on a sidewalk two weeks ago, is able to be about again.

Adventures of the Twins

Olive Roberts Barton

"Flippety-Flap's Idea"
By Olive Roberts Barton
"Do you still like the circus?" asked Flippety-Flap, the fairy-man. Mrs. Kangaroo jumped. She hadn't noticed Nancy and Nick nor their odd companion approaching. "Sh!" She held up a warning hand. "Not so loud, I just got Kicky to bed." "Yes," whispered Nancy. "We saw you put him in." "And I don't want him to know how I long for the circus. It's all I think of, really."

teach him a few things. "Can't I persuade you to go back?" said Flippety-Flap. "Here spring's coming and what will all the children do when there is no circus?" "I know," nodded the Kangaroo, reaching for her hanky and blowing her nose loudly. "I have to weep when I think of it. And I'll forget all the boxing I ever knew. I love to box." A shrewd look came into Flippety-Flap's little eyes, and he looked slyly down at his enormous feet. "Would you mind boxing with me?" he asked quickly. "I can box beautifully and I just happened to bring my boxing gloves along, also an extra pair." "Oh, I should love it," cried Mrs. Kangaroo, hastily unstrapping the little bed she carried in front of her, and in which Kicky slept. "Little girl, will you please hold my baby?" Nancy held out her arms. Flippety-Flap produced two pairs of boxing gloves from his magic shoes.

LARGE PIMPLES ITCHED BADLY

Red and Scaled Over. Could Not Sleep. Cuticura Heals.

"My face broke out in large, red pimples, and they festered and scaled over and then dried up. They itched so badly that I could not sleep at night, and my face was a mass of sore eruptions. "I tried everything I saw advertised but nothing did me any good until I got Cuticura Soap and Ointment. Now my face is clear and smooth, and I only used one cake of Cuticura Soap and two boxes of Cuticura Ointment to heal me." (Signed) J. H. Williams, 297 Cordonia Ave., Detroit, Mich. Make Cuticura Soap, Ointment and Talcum your daily toilet preparations and watch your skin improve. Sample Book Free by Mail. Address: "Cuticura Laboratories, Dept. K, Malden 48, Mass." Sold every where. Soap 25c, Ointment 15c, Talcum 10c. Cuticura Soap shaves without razor.

Before Housecleaning

Before any real spring cleaning is started chests and cupboards should be thoroughly "gone over." Every thing should be taken out of the drawers, washed and sunned and rubbed with a cloth dipped in oil of cedar. Sun and air the contents also. In the case of linen chests put the pieces that were stored in the bottom on top. This gives the things that have hard wear all winter a rest and insures laundering for the pieces that have been unused.

Menu For Tomorrow
BREAKFAST—Orange juice, soft boiled eggs, brown bread toast, coffee.
LUNCHEON—Hot cheese andwich, rhubarb pudding, tea.
DINNER—Stewed brisket of beef, plain boiled potatoes, boiled parsnips, pineapple pie, coffee.

My Own Recipes
Although brisket contains more bone than some cuts of beef it is a very cheap piece of meat to buy. The meat is very good sliced cold for luncheon if a six or seven pound piece is too much for one meal.

Rhubarb Pudding
One bunch rhubarb, 1 cup bread crumbs, 1 cup sugar, 1 tablespoon butter, 1 egg.
Pare rhubarb and cut in inch pieces. Parboil in 2 tablespoons water and 1-8 teaspoon soda. Rinse in cold water and put over fire with just enough water to keep from burning and cook until tender. Add sugar and butter and cook a minute longer. Remove from fire and stir in well-beaten egg. Coat the bottom of a deep, well-buttered pie dish with bread crumbs, add the rhubarb mixture and cover with bread crumbs. Dot with bits of butter. Bake in a slow oven for 45 minutes. Cover the dish with buttered paper while baking to prevent the top from becoming too brown.

Stewed Brisket of Beef
Six pounds fresh brisket, vinegar, 2 carrots, 1 small turnip, 2 onions, 2 stalks celery, 10 peppercorns, a "bouquet-garni," 2 tablespoons butter, 2 tablespoons flour, salt and pepper.
Rub meat with vinegar and salt and let stand three hours. Put into a kettle just big enough to hold it and barely cover with water. Bring to boil and skim well. Simmer for an hour and add carrots cut in dice, turnip-diced, onions cut in thin slices and celery and herbs minced. Add salt and cook, tightly covered, about two hours longer. Melt butter, stir in flour and cook, stirring constantly, till a rich brown. When meat is done put on platter, remove bones and surround with vegetables. Strain stock, add enough hot water to make two cups and pour over browned butter and flour. Stir until boiling. Let boil two or three minutes, season with salt and pepper and serve.

SEEDS

Garden and Flower Bulk or Packet

Sweet Peas—those large size, deep colored variety that made such a hit last season.

Straw or Everlasting Flowers—large, full double flowers, of various colors, from bright yellow to scarlet, shaded and tipped. They make exceedingly handsome bouquets that last all winter.

Confessions of a Bride

(Copyright 1920)

THE BOOK OF MARTHA

Conscience Dips When A Man Gives Nothing and Demands the Best.

"You heard what I said about our savings account?" Martha asked. "You and Ewart are competing." "Late, for six months at least. I've been doing all the saving." "I don't quite see why that should make you so wretched." "I've learned—to doubt—my husband's word!" "O-h-h-h! Impossible!" It seemed to me that I groaned rather than pronounced the words. Certainly I had never heard such a shocking accusation fall from the lips of a wife! If what Martha said was true, she must be enduring the supreme agony of her life! I could barely grasp the horror of her situation. I piled words on words of comfort, became incoherent, while Martha remained quite calm. "I'd die—if Bob ever told me a lie!" I concluded. "No—you'd want to, but you couldn't, Jane." "Martha, you must be mistaken about Ewart. Why, of all our friends, he's appeared to me to be the most—the most respectable! That's the only word to describe him! Why do you accuse him so?" "He no longer discusses our personal affairs as if they were of any importance to him. 'You settle it to suit yourself, Martha,' he says. As if I cared for anything except to suit him! He no longer calls my attention to his personal economies. He doesn't dare for he isn't saving a cent! But he takes good care to find out about my financial affairs every month! While I never ask him where one penny of his own money goes to! He's so sensitive! I couldn't bear to hurt him!" I ventured: "Maybe he's buying stocks or bonds to surprise you?" "No—he's so proud—he couldn't keep from telling me!"

I was a little confused. Her husband was proud and sensitive—he mustn't be hurt—but he could hurt her! He mustn't be held to ordinary standards of justice! That seemed to be Martha's version of her husband's temperament. Of course I had known that there are scamps in the world, hypocrites who pose as the soul of integrity, but I had never tried to imagine what it would mean to a fine girl like Martha to be tied by the marriage bond to a man who was a rascal. Suddenly my dear newly-weds, Deb and Ted flashed into my mind. They were on the same plane of ethics when they married. They possessed a community of tastes and interests rather than of passion. What a contrast they were to Martha and Ewart Palmer, who had been so violently in love with each other when they were married, who had let themselves go with the fierce fervor of a romantic attachment, but had been separated from the beginning by their different ideals of integrity. We Lormers had often commented on the perfection of their married life. They were so congenial, so devoted, etc., etc., I suppose Ewart meant to be honorable when he married Martha. Then how had he come to slump from what he certainly had intelligence enough to recognize as the perfect experience of his life? How had he dared to assume that to Martha should apply all the ancient and modern rules about marriage, and to himself, no rules at all when he "thought best" to break them? A man who could assume that, when his wife was giving him the best that was in her, must be quite dead to the inner law, the law of conscience. Ought Martha to cast him out of her heart and life? Or ought she to make an effort to reclaim him? "Waste love! Squander it upon your husband!" she had advised me. Would she take her own advice? (To Be Continued)

WHERE THE BEST PEOPLE MEET

For Saturday and Sunday CHERRY MALLOW

MORY'S ICE CREAM

Make Appleton Mighty Through Her Boys

PERHAPS you read in the local paper about the youngsters who stole robes from automobiles so that they might sleep in a barn?

This required a leader. He was carefully chosen by his chums for his daring, courage, and quickness of thought.

This "gang" has a record of juvenile-crime in the cities of the Fox River Valley that would make you gasp. It should be stopped, you say. Yes, but how?

Someone has said, "A boy lives the history of his race." That is why he may be a pirate one day and a defender of his castle the next. Emotions are strong and deep in youth—joy, hate, grief, love, fear and reverence come to the surface in a flash.

Energy must have an outlet. Our associates—the books we read; the use we make of our spare time—largely influence us in making a success or failure of life.

Suppose this "gang" of boys had been Boy Scouts and had hiked, camped and tracked with their Scoutmaster. The woods will furnish the adventure, the stars, the allurements, the hills, the mystery, and the lakes the wonders of nature.

As a Boy Scout, this leader could have led his followers in some constructive undertaking with the same determination and skill—that made them thieves in the night.

Educators throughout the land proclaim the Boy Scout scheme the greatest achievement in squarely meeting the main issue—that of providing "do's"—not "don't's."

The representative business and professional men of Appleton commend to your moral and financial consideration—our boys.

The beauty about the Boy Scout plan is: IT WORKS!

MENASHA NEWS

MISS BARTLEIN WEDS H. J. ROSENOW TODAY

Papermill Manager Takes Bride. Junk Dealer Held on Serious Charge.

Menasha — Saturday, April 2. At twelve o'clock high noon occurred the marriage of Miss Lucie Marguerite Bartlein of Harrison and Henry J. C. Rosenow of Menasha. The bride is the daughter of Mr. and Mrs. Frank Bartlein of Harrison and the groom is the son of Mr. and Mrs. Charles J. Rosenow, The Rev. J. Hummel of St. Mary church performed the ceremonies. The maid of honor was Mrs. Leo Koser, cousin of the bride, and the best man was Mr. Frank Pankratz. The bride wore a tan crepe meteor dress, heavily beaded in brown and a black picture hat. She carried a bouquet of sweet peas and lilies of the valley.

The maid of honor wore a brown chamoisee dress and had a match. She carried a bouquet of sweet peas. The groom is manager of the Peerless Paper Products Co. and the McGillan-Smith Paper Mills.

A 1 o'clock dinner was served at the home of the bride which was beautifully decorated with sweet peas and lilies of the valley. Among those who attended the wedding were Mayor T. E. McGillan and Joseph Zelinske of Menasha, and immediate relatives.

The newlyweds left Saturday for Chicago where they will spend about a week. They will be at home at 220 Main-st. after April 10.

Mr. and Mrs. Hans Hanson left Thursday for Bismarck, N. D.

George Otto of Wisconsin Rapids, visited with his parents, Mr. and Mrs. C. Otto on Wednesday.

William Quinlan was home from Milwaukee for a few days.

Miss Myra McDonnell is home from Oshkosh Normal for a few days.

Catlin Statement Adds Fuel To Assembly Fire

Outagamie County Assemblyman Links Progressives With Socialists.

Madison, Wis.—Assemblyman Mark Catlin's definition of a "progressive" linking him with the socialists in the lower house, given at the solicitation of Assemblyman Walter Polakowski, Milwaukee Socialist, on the floor Thursday, has widened the breach between the so-called progressives, or administration forces and those of the anti-administrations forces, called independent republicans, stalwarts, reactionaries, etc., of which Catlin is the recognized leader.

It was during the debate on the Volmer resolution denying the privileges of the floor of the assembly to former Assemblyman Glenn P. Turner, which was opposed by the socialists and administration members that Polakowski asked Catlin to define a progressive as he views it.

"Progressives," declared Catlin, "as shown by their votes and actions in this assembly, are linked with the socialists, they vote for the socialists measures and the socialists vote for the 'progressive' measures; the only difference is that one was elected as a socialist and the other as a 'progressive' republican."

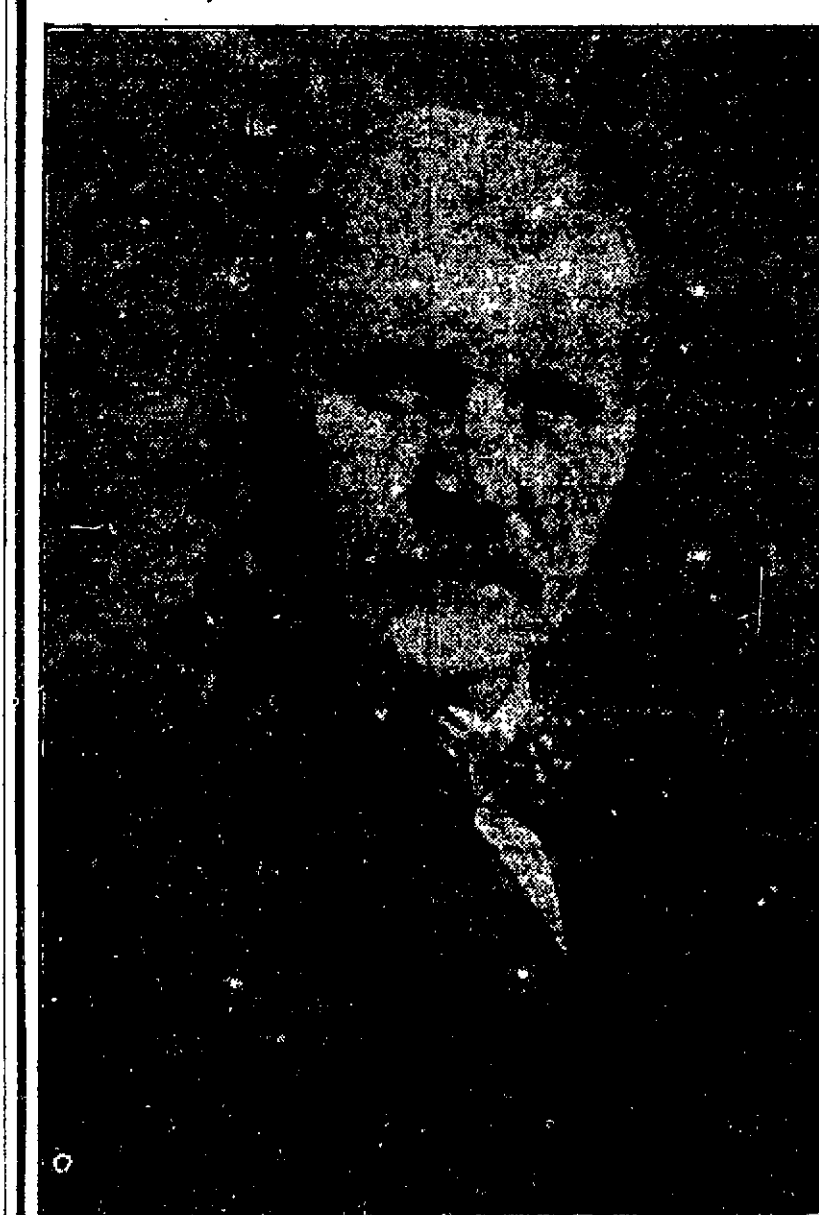

Behind the resolution to oust Turner

from the floor of the assembly, a privilege granted under the rules to all former members, is declared to be the fact that Assemblyman Henry W. Stokes, second district Jefferson county, was endorsed by the Nonpartisan league in the campaign. Stokes, was therefore considered a Nonpartisan leaguer and an administration man when he came to the session. Instead, he has supported practically none of the socialist measures and few of the administration bills, but has as he claims chosen to vote as an independent according to the dictates of his own conscience.

He claims Turner, who was a socialist assemblyman from Milwaukee in the 1917 session and since has been an organizer for the Nonpartisan league, has attempted to prejudice his constituents against him and by the circulation of the petitions demanding his support for the "progressive" measures or his resignation, has attempted to intimidate or coerce him. Turner, is said to claim he was merely acting as attorney in the matter.

After adopting the resolution debaring Turner from the floor 52 to 25, Assemblyman Charles E. Tuffley, Grant county, moved a reconsideration of the vote and at the request of Catlin it was made a special order of business for next Thursday, at which time it is expected, the two factions will "go to the mat" again.

PAID ADVERTISEMENT \$16.80 — Written, prepared, published and paid for by Judge Edgar V. Werner, Shawano, Wis.

The following is a statement published in an editorial of the Shawano County Journal, March 10, 1921:

"Let us be fair to Judge Werner. Judge Werner has made a very commendable record. He has given the Tenth Judicial Circuit a good, fair, conscientious judicial administration during his first term. Morally and by a common law tradition of Wisconsin he is entitled to re-election to a second term. His experience during his first term has fitted him for better judicial service.

By virtue of the laws of Wisconsin, a Circuit Judge is a state officer and his salary is paid by the state; he is subject to call by the Chairman of the Board of Circuit Judges created by law to hold court anywhere in the State when necessary, and especially when no cases are ready for trial in his own circuit.

Judge Werner has taken care of the Tenth Judicial Circuit and in addition thereto has tried many important cases in other circuits. He has held court at Kenosha, Racine, Madison, in the several Circuit Court Branches in Milwaukee, and in the Municipal Court Branches in Milwaukee, Marinette, Fond du Lac, Oshkosh, Green Bay, Sturgeon Bay, Merrill, Waupun, Stevens Point, Eagle River, Ashland and Superior in addition to the work pending in the counties of his Circuit, Shawano, Langlade and Outagamie.

Every County Seat is a Court Chamber of the respective counties, and litigants have had their legal business disposed of in their own county by Judge Werner as the law provides."

There are 59 active members of the Bar in the Tenth Judicial Circuit. Forty-six of them have signed Judge Werner's nomination papers and declared therein that they intend to support him.

The following correction was made and published in the Appleton Post-Crescent, January 24, 1921:

"Judge Werner and his friends have taken exception to a statement made in a recent editorial in the Post-Crescent. They claim that attorneys and litigants of Outagamie county have not been put to inconvenience on account of the Judge's residence in Shawano.

"After an investigation, the Post-Crescent finds that practically no inconvenience has been experienced, and in fairness to Judge Werner this newspaper is glad to make this statement as the facts."

The Sunday Sentinel of Milwaukee, on March 27, 1921 published this statement:

"A Judge on the bench should have, even in our elective system, a reasonable security of tenure, and should not feel that he owes his office to party choice or favor, or that he has any political obligations to discharge in the conduct of his office."

Judge Werner's record speaks for itself.

NICHOLS, WIS. APPLETON, WIS.

Intentions
never made any one independent.
Many people go through life dreaming of great deeds but never arrive at the point of action. Only people who act decisively count in the affairs of the world.
Perhaps you intend to start a savings account tomorrow or next month but when that time arrives you are just as likely to postpone it. It would be better for you not to think at all of what you are going to do in the far and fair future than to "kid" yourself along with false hopes.
The time to open a savings account is now with what you can spare out of this week's earnings. Action, decisive action, builds character and strength, especially if it is wise action such as banking a part of your earnings.

ISSUE POSTERS FOR SCOUT DRIVE

Rotary Club Is Preparing Campaign to Raise \$7,500 Next Week.

Appleton will be placarded with attractive posters by boy scouts in the next few days announcing the financial campaign April 6, 7 and 8 for \$7,500 to carry on the scout work for another year.

The posters contain a picture in colors of the head of a scout, together with appropriate wording. A strip attached at the bottom announces the date of the campaign.

Rotarians are busy organizing a series of teams with a total of 100 men to make the canvass. Fifteen captains have been selected and these will pick their quotas of five men. A list of names also is being prepared to whom an appeal will be delivered in person by scouts as a forerunner of the solicitation.

W. O. Thiede, campaign chairman, has returned from a western trip and is taking an active hand in the work of organization. A "pop" meeting is to be held next week previous to the canvass at which instructions and cards will be given out.

REALTY TRANSFERS

Among the real estate transfers recorded at the office of register of deeds Thursday morning were: John F. Rose to Susie B. Lossing, south 18 1/2 feet of lot 9, and all of lot 10, block 18, Lawsbury plat, first ward, consideration, private; Joseph Kurawa to Anton Fischer, Jr., 50 acres in Cicero, consideration, private; Fred Roepke to Henry Roepke, 78 acres in Cicero, consideration, \$7,000; Mrs. Edith Schiltz to Alma Noves, lot in Kimberly, consideration, private; H. J. Searls to A. H. Voltz, lot in first ward, consideration, private; T. K. Hove to Martin Striegel, 51 1/2 in Vandenberg, consideration, private.

Discuss Character

The regular weekly meeting of the H-Y club was held Thursday evening in the Y. M. C. A. "Riches and Character" was the topic for discussion. These discussions are taken from Bible verses and are open to all boys. Time is allowed after the forum periods for non-members of the club to leave the room. Four new members were admitted to the club.

Stockholders Meet

A meeting of stockholders of the Gillette Rubber Co. of Eau Claire will be held in the Y. M. C. A. Monday evening. Several hundred Appleton people hold shares in that company.

PERSONALS

Mayor C. E. Raught of Kaukauna was an Appleton visitor Thursday evening.

William Dohberstein of Hortonville called on Appleton friends Thursday. Otto C. Rohm of Black Creek was at the courthouse Thursday on business.

Louis Fraser of Nichols visited Appleton relatives Friday.

Mrs. John C. Ryan, who recently submitted to an operation at St. Elizabeth hospital and who has been visiting her daughter, Mrs. Walter Zwicker, since leaving the hospital, returned home Friday morning.

Douglas Hodgins of Hortonville, chairman of the county board, spent the greater part of Friday at the courthouse.

Mr. and Mrs. Albert Trathen of Shawano, visited friends here Thursday. Mr. Trathen is superintendent of the Wisconsin and Northern railroad.

Miss Ida Trost visited friends and relatives in Menasha Thursday.

Mrs. Clarissa E. Butler is confined to the city home with illness.

Mrs. Augusta Gottfried, fifth-st., is visiting at the home of Arthur Gottfried, town of Ellington.

J. H. Heinzen has opened a new battery station at C. F. Smith's livery and transfer barn, corner of Lawrence and Appleton-sts.

Quite a number of foreign cars have passed through Appleton on their way to the fishing grounds in the northern part of the state.

Mrs. Edward Brill visited Neenah friends Wednesday.

Arthur Jensen left Friday morning to spend the weekend at his home in Eau Claire.

C. L. Van Pelt of Fond du Lac, was in the city on business Thursday.

The Rev. A. L. McMillan, pastor of the Baptist church will preach at 7:30 Sunday evening on "Going Up Fools Hill."

New Busline Started

The Appleton-Green Bay Bus Co. operating buses between this city and Green Bay will begin operations Saturday. The proprietors are Hubert Nettekoven and Walter Merkes, both of Appleton. One bus will make two trips each way daily at the start.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. Have you a bad taste, coated tongue, poor appetite, a lary, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like.

FORESTERS PLAN BASEBALL LEAGUE

Appleton court No. 132 will be well represented at the meeting of the Fox River Valley Forester association in Oshkosh, Sunday afternoon. Among those planning to attend are J. B. Langenberg, chief ranger, Walter J. Silp, speaker, John J. Sherman, Joseph E. Schweitzer, Gustave Keller, Wenzel Hassman, John Morgan, L. Hugo Keller and Chris Mullen.

The Foresters will be guests of St. Hubert court No. 1,257, which plans to provide special entertainment.

Many important matters are to be taken up. A baseball league among courts of the valley will be discussed, and it is possible that a valley debating society will be formed. Social activities for the coming summer, including picnics and outings, will be considered. The establishment of more club houses is to be urged. Many other subjects such as membership campaigns, programs, organization and others will be taken up.

J. F. Brandstetter, manager of the Valley Advertising company, returned from a business trip to Green Bay Tuesday.

LEGION ASKS PROBE OF COUNTY OFFICES

(Continued from Page 1)

partments was made and the cash in banks and on hand checked up. As reported verbally by our auditors at a special meeting of your committee the cash undeposited on December 31, 1921, consisted in part of checks in repayment of salary overdraws of county officials and employees, cash slips and other unsatisfactory evidences of indebtedness and at our request authority was given to make an audit of the cash down to date, so that an accurate cash accountability could be determined. We therefore extended our examination to Feb. 19, 1921, and reported verbally at a second meeting of your committee as per supplementary written report here with. The unsatisfactory cash items, salary overdraws and other indebtedness have been made good by deposits to the credit of the county.

The supplementary report, although it was submitted to the finance committee, was not read to the county board and few, if any of the members grasped the fact that there was another report when the first was read.

Pay Semi-Monthly

Shortly after the second audit was completed, which determined a cash accountability to the night of Feb. 19, 1921, the auditors prepared this supplementary report. The introductory paragraphs are as follows:

"We submit herewith a condensed statement of cash accountability of the county treasurer of Outagamie county from Jan. 1, 1921, to Feb. 19, 1921, confirming our verbal report to your committee. The unacceptable items forming part of the cash balance have since been replaced by cash in the bank as directed by your committee.

"The salaries drawn in advance have also been refunded in compliance with your instructions that salaries be drawn in semi-monthly installments as earned."

This report showed that the sum on hand Dec. 31, 1920, plus receipts from Jan. 1 to Feb. 19, 1921, made a total of \$192,395.45 and that disbursements for that period aggregated \$103,793.36, leaving a balance of \$88,602.09 to be accounted for.

Of that balance to be accounted for \$86,560.72 was on deposit in the Citizens National bank from which \$1,185.31, representing outstanding orders against the treasury, was to be deducted leaving a net bank balance of \$85,375.41. Cash in the office aggregated \$3,226.68.

The reported listed unsatisfactory cash items of \$1,892.33 and the sum of \$740 due from the treasurer, which, when it was replaced, balanced the county's books.

Here are the details of the unsatisfactory cash items, as listed in the report:

Checks, H. J. Kamps	\$1,016.93
Check, L. A. Peterson	\$25.00
Cash slip, L. A. Peterson ..	25.00
Cash slip for expenses, to be approved and county orders issued	26.00
These items totaled \$1,892.93 and have been replaced with cash.	

Advances on salaries up to Feb. 19, 1921, were reported as follows:

H. J. Kamps	\$1,650.00
J. Wagner	248.90
J. Christl	187.50

Total \$2,086.40

The item of \$1,650 charged against Mr. Kamps includes \$400 for extra clerk hire which was allowed by the

finance committee, it was said. This reduces the salary overdraw to \$1,250.

Examine Reports

The finance committee of the county board, it was said, has approved the supplementary report but it has not been submitted to all the board members. It is a part of the public record, however.

Here is a copy of the petition submitted to the county board by the legion.

The Oney Johnston post of the American legion, in regard of and under the direction of which the undersigned are presenting this communication to your honorable body, has caused an examination to be made of the report and supplementary report recently made to the finance committee of the board of supervisors by Messrs. Reilly, Penner & Benton, certified public accountants, covering the accounts of the county officers for the year 1920, and continued by said supplementary report to February 19, 1921.

"Said examination discloses various items, in considerable sums, designated in said report as 'overdrawn salaries,' 'unsatisfactory cash items' and 'advances on salaries.' These and other items indicate to the undersigned that the county clerk and county treasurer have been guilty of illegally paying their own, and the salaries of some other employees of the county, in considerable sums and for a considerable time, in advance of the time that they were earned and payable according to law. And that they have also been guilty of illegally using the funds of the county for their own use, contrary to, and without warrant of law.

"If, upon further investigation, you find the facts to be as above stated it is manifest that said officers are no longer fit to hold their offices, that you will have ample cause to remove them therefrom, and that it will be your duty to so remove them.

"We are aware that all sums so un-

lawfully withdrawn from the county treasury have been restored; but we nevertheless submit that the restoration of said funds in no way mitigates the offense of the officers in withdrawing the sums without legal authority. And the condonation of the offense, because of the restoration of the funds illegally withdrawn, would act as an encouragement to the present and all future officers to thus disregard their trust, and illegally use the public funds placed in their custody, for their own purposes and convenience, to the imminent peril of the taxpayers of the county.

"Wherefore, the undersigned, on behalf of the Oney Johnston post of the American legion, and in the interest of all of the taxpayers of Outagamie county, and in the interest of clean, lawful and honest government of our county, respectfully petition your honorable body,

"First: That you make a thorough investigation of the facts set forth and indicated in said report and said supplementary report.

"Second: That, if said investigation discloses that any of the officers of Outagamie county have been guilty of withdrawing any part of the funds of Outagamie county from the county treasury in a manner and for purposes not authorized by law, or have been guilty of any other acts, in their official capacities detrimental to or endangering the interests of the taxpayers, or contrary to legal and proper conduct of their offices, that you thereupon immediately, in the manner provided by law, remove such officer or officers from office.

"We wish to say that Oney Johnston post of the American legion is composed of 640 ex-service men of the late war, and in presenting this petition they are in no respect moved by any personal or political motive but are governed solely by their purpose as far as lies within their power, to

PAID ADVERTISEMENT \$5.60. — Written, published and paid for by Florence S. Jenkins, Town of Liberty.

Attention Voters!

Do not be deceived by an advertisement in this week's county paper. Supt. A. G. Meating says, "It would be a blunder to elect as Superintendent a woman who has not taught school for 11 years."

This does not apply to me as you might be lead to think. I taught Rural School for 2 years and attended the State Normal at Oshkosh for 2 years, graduating in 1908. I then taught 9 years continuously and have been out of school work but 4 years.

If elected, I promise intelligent, active Supervision of the Rural Schools.

Florence Jenkins

To Buyers of Printing

The Typographical Union is demanding a 33% increase in wages together with a reduction of working hours to 44 per week.

This means an increase in the actual labor costs of printed matter amounting to 43%. But in addition to this the reduction in the number of working hours would mean a still further increase through the greater amount of overhead burden thrown upon the fewer productive hours.

If these demands are granted it would be necessary to pass the increase to the buyers of printing because the print shop owners are absolutely unable to absorb these great increase

SHALL THESE DEMANDS BE GRANTED?

The Employing Printers of the Fox River Valley

THIS OWNER HAD HARD LUCK

The Franklin Automobile Co.,
Syracuse, N. Y.
Gentlemen:

I find that the automobile purchased from you a few years ago is not giving very good satisfaction. The brake linings are so thin that I had to have them removed and new ones attached. I purchased this 1915 model in December 1914 and have only driven it a matter of about 125,000 miles. I will admit that the service has, at times, been rather severe, as on one trip to the West Coast, we went by way of St. Paul, Spokane, etc., to Seattle, taking in Yellowstone and other National Parks. From Seattle we followed the coast to Mexico and returned via Yosemite, Grand Canyon, Pike's Peak (over the top), Kansas City, St. Louis, Baltimore to New York. (We went into 29 states on this trip of 26,000 miles), but even so, the brake linings ought not to need renewing every 100,000 miles or so it seems to me. I am referring only to wheel brakes as the transmission brake seems to be all right for the present. Rather than have the car laid up I have had new linings put on and am sending the old ones (under separate cover) for your inspection, after which I trust you will rebate me the \$17.00 paid for this repair. The motor, transmission, etc., seems to be in good condition, but matter of material used in these linings should have your prompt attention.

Very truly yours, W. A. WHITE,
THE WHITE CHEMICAL WORKS

East Orange, N. J.,
3-7-21.

JUNCTION IS ONE OF BUSIEST PLACES

Railroad Station Is Transfer Point for Hundreds of Travelers Daily.

Appleton Junction is considered one of the most important passenger transfer points in the state outside of the larger cities and its station is never closed. Its waiting rooms are patronized as much by night as by day and it is very seldom they are unoccupied.

People from all over the state and from all parts of the United States transfer at that point daily. Much of the transferring is done at night from the heavy passenger trains destined for Ishpeming and Marquette, Ashland, Superior and Duluth and St. Paul and Minneapolis. All trains for these important centers make close connections.

Appleton Junction is also an important distributing point for freight, especially for pulpwood. All wood from northern Minnesota, Wisconsin and Michigan is shipped direct to that point and from there it is made up into trains and distributed among the pulp mills of the Fox river valley.

The telephone connected with the depot, No. 444, is one of the busiest connected with the local exchange. It is in use almost constantly during certain hours of the day and the depot being the only place open in that part of the city all night the night calls also outnumber those of nearly every other telephone in the city.

Because so many manufacturing plants are closed tramps are becoming numerous for the first time in several years. So far they have committed no depredations and have caused very little annoyance to residents of that part of the city.

EXPECT SLIGHT CUT IN COAL PRICE THIS MONTH

"New summer rates on coal are usually issued April 1 but we may not receive them until a day or two later," said John J. Hettinger, president of Ideal Lumber & Coal Co. "I do not look for a reduction to exceed 50 cents a ton and the price will gradually advance during the summer months. As the docks at Milwaukee, Sheboygan, Manitowoc and Green Bay are all empty for the first time in several years it will probably be the first of May before the coal is on the market as it is shipped by boat to Lake ports. Mr. Hettinger advised people to put in their coal during the summer months as there is no telling what conditions will be next fall and winter.

CUT RATES ON LUMBER FROM PACIFIC COAST

Reduced freight rates on Pacific coast lumber went into effect Tuesday and one of the local firms to receive the greatest benefit by the change will be the Standard Manufacturing Co. which uses large quantities of lumber daily. "The reduction means about \$2 per thousand on lumber shipped to eastern points," said Robert O. Schmidt, vice president. "The freight on a carload of lumber heretofore has been from \$300 to \$350 when the new rate will be about cut in two. It will also make it possible for western lumber manufacturers to compete with southern manufacturers."

ISSUE NEW RULING ON PERMITS FOR ALCOHOL

"Blanket" permits for nonbeverage alcohol will be put into effect soon by the offices of Thomas A. Delaney, federal prohibition director, under a new government ruling.

The ruling applies to wholesale dealers holding proper permits dealing in or using tax paid industrial alcohol only, and wholesale dealers who desire hereafter to deal in original tax paid stamped packages exclusively.

Permits are good for 90 days, after which they may be renewed.

Concerns using industrial alcohol in the manufacture of their products are the ones who profit most by the ruling.

ST. NORBERT STUDENTS WILL ACT AT KIMBERLY

"Handy Andy," an Irish comedy, will be presented by the students of St. Norbert college of DePue, in the Lyndecker hall at Kimberly at 7:30 o'clock Sunday evening under the supervision of Father Millan of St. Norbert college.

A band concert will be given the following Sunday under the supervision of Prof. Hoyer of Green Bay. Members of the Larson Conservatory of Music of Green Bay will assist him.

PEDIGREE ALFALFA SEED RECEIVED HERE

Grimm alfalfa seed purchased cooperatively from the west by farmers of Greenville, Ellington and Dale has arrived in Greenville. It will not be distributed for several days because a sample has been sent to the state seed laboratory, Madison, to test its genuineness.

Inoculation fluid enough to supply each farmer has been received from the college of agriculture by the First National bank. One bottle is enough to treat 20 pounds of seed.

Dr. D. O. Kinsman is to speak at the closing exercises of the Green Bay vocational school Thursday, April 21. His subject will be "The New Citizen."

Farm land in the state of Washington has increased 60 per cent in value since 1910.

CALL CONFERENCE ON RAIL WAGE CUT

Local Officials and Employees Will Attend Meeting in Chicago April 5.

Officials of the Chicago and Northwestern Railroad company and representatives from several crafts have been called to a conference in Chicago April 5, according to a bulletin issued to local employees. It is said the conference is to discuss a proposed reduction in wages of freight handlers, clerks and station employees.

The reductions would go into effect April 20, according to the bulletin. The amount of the proposed reduction will be the main topic for discussion, it is said, and the employees are expected to oppose any large decrease in their salaries.

If the employees and employees are unable to agree on the amount of the reduction, it is believed the controversy will be taken before the railway labor board for adjustment.

GILLETTE RUBBER COMPANY STOCKHOLDERS

A COMMITTEE OF APPLETON STOCKHOLDERS have called a meeting to discuss IMPORTANT MATTERS at the Y. M. C. A. at 7:30 Monday Night, APRIL 4. All stockholders SHOULD be present. Bring your wife. BE PRESENT!

DR. D. B. RUNNELS,
GEO. W. LAUSMAN,
WILLIAM TIMM,
Stockholders' Committee.

Last Property Hearing

A hearing of owners of property abutting on Sherman house alley is being held before Albert C. Rule, Fred Hoepfner and John Stevens, appraisers, in the treasurer's office in the city hall Saturday. Practically every property owner is represented either in person or by his attorney. The hearing is the last of the series held by the appraisers.

Chimney Fire

A chimney fire occurred at the home of Alderman John F. Leppen, 261 Durkee st., Thursday morning. No damage resulted.

Mrs. George A. Stewart and children, Marion and George, have returned from Madison and other points in the southern part of the state, where they spent Easter with relatives. Mr. Stewart, who accompanied them, returned early in the week.

M. R. Miller, telegraph operator at Appleton Junction, goes to St. Paul Sunday on a several days' visit. He will be relieved by J. E. Gaffney of Fond du Lac.

and Seventy-one Thousand (\$2,871,000) Dollars, principal amount of said bonds.

March 8, 1921.

To the Honorable Interstate Commerce Commission, Washington.

1. The full name and postoffice address of applicant is Minneapolis, St. Paul & Sault Ste. Marie Railway Company, Minneapolis, Minnesota.

2. The names, titles, and postoffice addresses of its president, of its secretary, of its principal attorney, of the executive officer by whom the application is signed, verified and filed on behalf of the applicant, and of any other of its directors, officers, attorneys and agents, who have participated or will probably participate in any way in the acquisition or purchase of said property, or in the assumption by the applicant of obligation or liability in respect to said five per cent consolidated gold bonds to be issued in part payment therefor, are as follows:

OFFICERS:

E. Pennington, president, Minneapolis, Minnesota.

G. R. Huntington, vice president and general manager, Minneapolis, Minnesota.

W. Gardner, controller, Minneapolis, Minnesota.

G. W. Webster, secretary, Minneapolis, Minnesota.

W. E. Harter, assistant secretary, Minneapolis, Minnesota.

H. N. Paist, treasurer, Minneapolis, Minnesota.

DIRECTORS:

R. B. Angus, Montreal, Canada.

G. R. Huntington, Minneapolis, Minnesota.

Horace Lowry, Minneapolis, Minnesota.

S. Langdon, Minneapolis, Minnesota.

G. R. Newell, Minneapolis, Minnesota.

J. C. Ogden, Montreal, Canada.

E. Pennington, Minneapolis, Minnesota.

C. S. Pillsbury, Minneapolis, Minnesota.

The Right Honorable Lord Shaughnessy, Montreal, Canada.

E. A. Young, St. Paul, Minnesota.

O. C. Wyman, Minneapolis, Minnesota.

EXECUTIVE COMMITTEE:

E. Pennington, Minneapolis, Minnesota.

G. R. Huntington, Minneapolis, Minnesota.

S. Pillsbury, Minneapolis, Minnesota.

C. S. Langdon, Minneapolis, Minnesota.

ATTORNEYS:

H. B. Dike, general counsel, Minneapolis, Minnesota.

John L. Bradall, general solicitor, Minneapolis, Minnesota.

The applicant now operates, as an interstate carrier, a steam railroad in the states of Michigan, Wisconsin, Minnesota, North Dakota, Illinois, South Dakota and Montana.

The making and filing of this application was duly approved at a meeting of the directors of the applicant held in the City of Minneapolis, Minnesota, on the 8th day of March, 1921, and has also been approved of, and ratified, in writing by the owners of a majority of the stock of the applicant.

The Wisconsin & Northern Railroad Company was organized under the laws of the state of Wisconsin, as an interstate carrier, a steam railroad, its southern terminus is at Neenah, Wisconsin County. Its main line runs from Neenah in a northerly direction through the counties of Outagamie, Shawano, Langlade, to Wisconsin & Northern Junction in Forest County, all in the state of Wisconsin. If this application is granted, applicant will continue to operate the line of said Wisconsin & Northern where now located.

The length of its main line and branches is 133.58 miles. It transports principally forest products in the raw and manufactured state but also handles other freight and passenger service.

The lines of railroad respectively operated by the Applicant and said Wisconsin & Northern Railroad Company are not parallel and competing lines; said lines and their relative positions with respect to each other are shown on the map herewith submitted. The lines of said Wisconsin & Northern Company are colored red on said map; the lines of the Chicago & Northwestern are colored black, and the remainder of the lines included in the system of the Applicant are colored yellow, on said map.

This application is for authority to acquire by purchase all of the property of the Wisconsin & Northern Railroad Company, including property of every kind and description owned and used by it for the purpose and in the operation of its railroad, more particularly described in the proposed deed from the Wisconsin & Northern Railroad Company to the Applicant, herewith submitted. The consideration to be paid is Twenty-five Thousand Dollars (\$25,000) per mile.

The applicant proposes to provide for the payment of the purchase price of said property, to-wit: Three Million Three Hundred Thirty-nine Thousand Five Hundred (\$3,339,500.00) Dollars in cash and Sixty-eight Thousand Five Hundred (\$68,500.00) Dollars in cash and Two Million Six Hundred Seventy-one Thousand (\$2,671,000.00) Dollars in first consolidated, five per cent (5%) mortgage bonds issued pursuant to the first consolidated five per cent (5%) mortgage of the applicant, copy of which is herewith also submitted.

The bonds will be accepted by the Wisconsin & Northern Railroad Company in part payment of said property at par value and will bear interest at the rate of five per cent (5%) per annum from the date of their issuance, payable semi-annually in gold coin, according to the coupons attached, which bonds and coupons are fully described in mortgage last mentioned.

The property so to be purchased, is to be transferred and conveyed to the applicant by said Wisconsin & Northern Railroad Company free and clear of indebtedness and incumbrances of every kind and nature. Form of deed proposed for such transfer and conveyance is herewith submitted.

Present and future public convenience and necessity require the operation by the applicant of the Railroad owned by said Wisconsin & Northern Railroad Company, and public interest will be greatly promoted thereby, for the following reasons:

The Wisconsin & Northern Railroad is a short line serving a district having heavy traffic. It is unable as a rule to provide a market on its own line for the product it originates. Traffic must, therefore, move out over connecting lines to the sum of two local rates. This is a serious handicap and capital will not seek investment under such conditions.

The absorption of the Wisconsin & Northern Railroad by applicant will inspire confidence, insure a larger market, better car supply, better train service and immediately cause more prompt development of the territory through which the small line operates. Such absorption will also insure reduction in operating cost.

A large proportion of the traffic tributary to the Wisconsin & Northern Railroad moves to and from Milwaukee and Chicago. Some to and from the east across Lake Michigan. Also a portion to the east via Sault Ste. Marie, north to Duluth and west to St. Paul and Minneapolis from its

northern terminus. Wisconsin & Northern Junction.

The applicant's line in connection with the Wisconsin & Northern Railroad will provide by far the shortest route to and from all points named above, as shown by comparative distance exhibit herewith submitted.

There is a considerable amount of traffic from Sault Ste. Marie and other eastern points along the line of applicant via Wisconsin & Northern Junction, Prentice, Marshfield and Neenah to Milwaukee and Chicago. There is likewise a considerable amount of traffic from Chicago and Milwaukee via Neenah, Marshfield, Prentice and Wisconsin & Northern Junction to Sault Ste. Marie and other eastern points. As a result of the Wisconsin & Northern Railroad becoming an integral part of the applicant's line, a saving of about one hundred thirteen (113) miles will be effected in the movement of all tonnage between common points Neenah and Wisconsin & Northern Junction last mentioned.

The obligation desired to be assumed in connection with the issuance of said five per cent (5%) consolidated gold bonds are for a lawful object within the corporate purposes of the applicant and compatible with the public interest. The issuance of said bonds and the acquisition of said property will increase its ability to perform service to the public.

Applicant further affirms that it is necessary to assume said obligations in order to pay that proportion of the purchase price for said property not provided for out of other moneys of the applicant.

Applicant further states that it has entered into an agreement with said Wisconsin & Northern Company for the purchase of said property subject to the approval and order of the Commission, a copy of which agreement is herewith submitted together with a copy of the resolution of the stockholders and of the directors of said Wisconsin & Northern Company, approving of the sale of said property upon the terms and conditions herein stated.

Wherefore, Applicant respectfully

requests that it be granted permission to purchase and acquire said property of the Wisconsin & Northern Railroad Company and to assume the obligations hereinbefore set out in respect to said five per cent (5%) consolidated gold bonds to be issued as part payment therefor.

MINNEAPOLIS, ST. PAUL & SAULT STE MARIE RAILWAY COMPANY,
By E. Pennington,
Its President.

State of Minnesota.
County of Hennepin—ss.
I, Alfred O. Bjorklund, Notary Public in and for the State and County aforesaid, do hereby certify that E. Pennington, who is to me personally known and known to be the President of the Minneapolis, St. Paul & Sault Ste. Marie Railway Company, this day personally appeared before me and made oath that the facts stated in the foregoing and hereto annexed application to the Interstate Commerce Commission are true to the best of his knowledge, information and belief.

Given under my hand and official seal this 8th day of March, 1921.

ALFRED O. BJORKLUND,
(Notarial Seal.)
Notary Public, Hennepin County, Minn. My commission expires Nov. 17, 1922.

You Can Write A Book

When someone asked Mark Twain which was his favorite of all the books he had written, it took him just about half a second to answer, "My Bank Book."

Everyone can write a book — not like Huck Finn, perhaps — but on the style of Mark Twain's favorite, the true story of one who keeps his money matters in good order and does not forget Tomorrow in the excitement of Today.

Your bank book tells your story. Perhaps our officers can help you make it good reading.

YUSSIF MAHMOUT WILL WRESTLE HILL HERE APRIL 20

BOUT WITH GREAT TURK SHOULD BE BEST OF SEASON

Victory Over Invader Will Put Hill in Line for Bout With Champion.

Yussif Mahmout, the "terrible Turk," will wrestle George Hill, champion of Wisconsin, in Armory G, best two out of three falls the night of April 20. It was announced Saturday morning by Emil Klank, manager of the Turk, will be the last bout of the present season and should be the greatest wrestling drawing card ever held in Wisconsin.

Negotiations for bringing the great Turkish grappler here were completed on Friday. Emil Klank, manager of the Turk, will send the contract within the next few days, it was said.

Klank expressed a willingness to have his man meet Hill in a handicap match, agreeing to throw him twice in 90 minutes. Hill and Johnston, however, preferred to go on with a straight match, taking their chances with the invader. Hill believes he can put up a good fight and if his headlock is working right the Turk will find himself in for a busy evening.

A handicap match isn't much fun for the fans, especially if one of the wrestlers puts up a defensive battle and does not carry the fight. Hill doesn't like that sort of a thing. He wants to be on top once in a while and will carry the battle to the Turk every second.

Hill has started training for the scrap. He will go on the mat weighing at least 200 pounds while the Turk will weigh about the same. Hill is the younger man but the Turk has the advantage of more years of experience and is regarded as the fastest man on the wrestling mat today.

Arrangements will be made for the biggest crowd of the season. It is believed that not less than 1,000 fans will crowd into the armory to see the battle. The Turk is immeasurably better than Martinson, winning from the latter about two weeks ago in straight falls. He won the first in 27 minutes and the second in 14 minutes. Mahmout is trying for matches with Caddock and Lewis with the view of annexing the world title.

Short Sports

Annapolis, Md.—Frank Zotti Jr., of New York and C. H. Lewis, Idaho, have been elected captains of the navy boxing and wrestling teams next season.

Zotti boxes at 160 pounds and Lewis competes in both the light heavy-weight and heavyweight classes.

Bicycle Race
Chicago—With all arrangements completed, contenders in the six day bicycle race starting here Sunday night were booked to take part in twenty preliminary events tonight. Sprint contests over various distances are to be competed in.

Stecker Wins Match
Detroit, Mich.—Using a combination body scissors and arm lock, Joe

Bassler Can Hold 'Em on the Sacks

Enroute (In Texas) With Detroit Tigers.—There will be very few stolen bases against the Detroit Tigers this season, when Johnny Bassler is behind the plate with the padded mitt on.

For Johnny's got a wing that just naturally shoots the ball around the sacks like a shot out of a gun.

Makes Runners Hug
That's the main reason why he looks like a sure stickler with Ty Cobb's outfit. Making base runners stick to the sacks is his strongest baseball qualification.

Cobb looked him over while on the coast last season and liked the way he zipped the ball to first, second or third. In fact he liked it so well that he gave up four players to pry him loose from the Los Angeles club.

So far, Bassler has come up to expectations.

While with Los Angeles he slapped the pill at a .319 gait. This will not be Bassler's first crack at major league ball. He was with the Cleveland club in 1913 and '14. In the 25 games he worked in during 1914 he led the league in picking runners off bases.

Praises Family Spirit
Cleveland released him in 1915 and he has caught for Los Angeles ever since, with the exception of the time he served Uncle Sam, in 1918-19.

While Cobb is passing words of praise for his pecking find, Bassler comes through with some of the same for Tyrus, as a manager.

"I'm strong for the family spirit," says he, "and Cobb's filled the Detroit team with it. In 1916 Frank Chance piloted the Los Angeles club to a pennant with a team that was figured to finish just inside the first division.

"Watch Cobb this year! Don't be surprised if he pulls a Frank Chance!"

JOHNNY BASSLER, TIGER CATCHER, IS A SHARK AT PICKING RUNNERS OFF BASES AND GRABBING HIGH FOULS.

GEORGES WILL SAIL FOR U. S. ON MAY 4

Rickard Not Worried by Jinx Reports From French Sources.

By United Press Leased Wire
New York.—Reports that Georges Carpentier was hunting for a hole to run out of his match with Jack Dempsey were denied here Saturday by Tex Rickard.

The Sport News association of Paris was quoted in a cable received by the United Press Saturday as saying that Carpentier had cabled to Rickard to release his forfeit money and that he would fight Frank Moran in London on the eve of Derby day, May 31. "The only cable I have received from Descamps came Friday from Algiers saying he planned to sail with Carpentier from France on May 4," Rickard said.

"Carpentier can meet Frank Moran as far as I am concerned, but it will have to be some time during April as the agreement requires his presence in the United States the first week of May.

"These reports are not worrying me as I don't believe them. They are the usual preliminaries to all big enterprises."

Jersey City continues to be the popular choice in the speculation over the site for the bout which has another week to run before Rickard promises to name the location.

Stecher of Nebraska, pinned Jack Linow to the mat last night after one hour and fourteen minutes of wrestling. Linow outweighed the former champion by ten pounds.

Postpone Game
Illness of William Reck of the Cozy barber shop has caused postponement of the championship bowling match between the Cozys and the Sherman house team. The game is to be rolled on Eagle alleys as soon as Mr. Reck recovers. Each team has a game to its credit.

BIG CROWDS ATTEND HIGH SCHOOL CAGE MEET

Fond du Lac.—Big crowds witnessed the first days play in the Winnebago district interscholastic basketball tournament being conducted here April 1 and 2 under auspices of the Rueping association.

The championship games will be played on Saturday night and it is believed that the coliseum will be inadequate to seat all the basketball enthusiasts. The basketball tournament is for secondary teams and is the largest of its kind ever attempted in the state of Wisconsin. The Rueping Athletic association plans to make the tournament an annual affair.

Rosendale, North Fond du Lac and Waldo were the teams eliminated in Friday's playing. Results in the tournament on Friday were as follows: Westfield, 15; Rosendale, 11; Markesan, 16; Red Granite, 7; Plymouth, 17; North Fond du Lac, 12; Friendship, 12; Lomira, 9; Fond du Lac Seconds, 18; Waldo, 11; Slinger, 21; Green Lake, 9; Lomira, 14; Rosendale, 8; Red Granite, 21; Waldo, 10; Green Lake, 10; North Fond du Lac, 9; Friendship, 17; Westfield, 10; Fond du Lac Seconds, 11; Markesan, 16; Plymouth, 24; Slinger, 14.

WITH THE PLAYERS IN THE SOUTHLAND

San Francisco, Calif.—Displaying many of his old time curves, Jim Scott, former White Sox slaban, pitching for San Francisco, defeated the Chicago Cubs by a score of 3 to 1 here Friday.

Huggins Is Ill
New Orleans.—The New York Yankees were here Saturday on their way home but they were without their manager, Miller Huggins who was left in Shreveport with a slight attack of appendicitis. Word was received Saturday that it was not serious.

TIGERS IMPROVE UNDER COBB RULE

Bengals Stronger in Every Department Than Year Ago. Know How to Bunt.

By H. L. Walker
By United Press Leased Wire
Detroit, Mich.—Many experts have picked the Detroit Tigers to finish not better than sixth.

Manager Cobb refused to pick for the club a higher place but it is known he expects to do better.

The club is stronger than last year in every department but the most noticeable improvement is in the speed. Cobb spent days drilling the men in base running, bunting and sacrifice hitting and has developed a whole team of good bunters.

The Tigers will carry eleven pitchers this season, four of whom are southpaws. Leonard and Oldham, veterans, seem much improved and Cole and Steward, new men, are the

promising left handers. In Cole, Middleton, Hollin, Sutherland, Cobb believes he has found a quartet of hurlers who will win many games.

Low Blue, a left handed first baseman, looks like one of the best fielders in the league while Jimmy Bassler, a new catcher, looks very promising. Joe Sargent is another infielder of great promise.

These are the best looking recruits and all have cinched their jobs. Cobb has a great outfield in himself, Veatch and Hellman which can be depended upon to hit around .320 and cover wide territory.

The infield with Blue, Young, Bush and Jones may hit around .300 due to the improvement in the batting resulting from Cobb's instructions.

Faber Takes Turn
Ft. Worth.—Urban Faber will be able to take his regular turn on the slab during the coming pennant race. Kid Gleason was informed when the Yannisians and Sox regulars met here Friday.

During the past few years Faber has experienced difficulty in delivering his wares due to a sore arm. Almost every Chinese city bordering on a river, has many boat dwellers who rarely set foot on land.

HOTEL APPLETONS LEAD IN TOURNEY

Teams From All Over Valley Are Entered in Arcade Pin Tournament.

The Hotel Appleton 5-man bowling team, with a score of 2,667 is leading in the Fox River valley bowling tournament in progress on the Arcade alleys. The tourney started March 26 and continues until April 25. Arcade No. 2 team is in second place with 2,595 and the Hobbing Live Wires of Green Bay are third with 2,577. The O. C. team of Appleton is fourth with 2,432.

Five man teams have been entered from Green Bay, Fond du Lac, Oshkosh, Neenah, Menasha, New London, Little Chute, Kimberly, Kaukauna and Appleton. It is believed this tournament will develop into the largest in the valley.

Following are leaders in the doubles: A. Weisgerber-E. Samson, 1,193; E.

BROWNS AND CARDINALS BEGIN SPRING SERIES

By United Press Leased Wire
St. Louis—"Batter up."
The St. Louis Cardinals and the St. Louis Browns are scheduled to meet in the first game of their annual spring series of seven games here Saturday afternoon.

The betting is about even. Twenty-five thousand fans are expected to file into Sportsman's park for the first of the series.

The batteries will probably be for the Browns: Sotherton, Davis or Shocker, pitcher, and Severid behind the plate; for the Cardinals: Haines is picked to pitch and Heathcote to catch.

Samson-W. Groth, 1,179; E. Samson-R. Graessner, 1,159; E. Weisgerber-E. Samson, 1,152.

W. Bielke-S. Lordinois, Green Bay, 1,146; C. Currie-H. Pulver, 1,138; H. Shafer-H. Kluge, 1,126; E. Samson-Al Bauer, 1,124.

Singles Leaders
W. Bielke, Green Bay, 591; J. Coffeen, Green Bay, 585; Hobbing, Green Bay, 565; Barnes, Green Bay, 554; S. Lordinois, Green Bay, 543.

PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA

ANNOUNCING The PAIGE NATIONAL DEMONSTRATION WEEK

For one week—commencing Monday, April 4th.—our Dealers in every section of the nation will conduct a special series of demonstrations with the complete line of Paige cars.

Our "Daytona 6-66" model now holds the world's stock car record for speed. It will be the purpose of Demonstration Week to prove that any Paige car—in the hands of an unprofessional driver—is indeed Master of the Highway.

No other stock car has ever equalled our own speed record of 102.8 miles per hour. No other car, we are confident, can defeat a Paige in the milder tests of general demonstration work.

By proving itself the fastest car, the Paige 6-66 has revealed qualities of endurance and strength that are beyond dispute. World's championship form is a guarantee of all round efficiency—the best guarantee that the sporting world affords.

But these are facts that we want you to establish for yourself, and

Demonstration Week offers an unrivaled opportunity. You have but to get in touch with our Dealer and he will book you for a ride that will prove finally convincing.

Then, with an actual record of the tests, you will be in position to compare the Paige 6-66 with any other motor car—at any price—on the American market.

You will also be able to determine whether the New Series "Glenbrook Six-44" is or is not the greatest dollar for dollar value in the light six field.

Surely no man could ask for a fairer or more sportsmanlike proposition.

Whether you contemplate buying a motor car or not, we very cordially invite you to ride with Paige during the coming week. It will prove a revelation, we believe—and a liberal education in strictly modern engineering.

FOR SALE

WHY PICK ON US?

The Woods Are Full of Amateur Economist Who Claim That Prices of Clothing, Underwear, Hosiery, Shirts, Sleepingwear, Sweaters, Etc. Will Shortly Return To Pre-War Levels. WILL THEY?

YES! THEY SURE WILL:—

- | | |
|--|---|
| When dry batteries are back to 20c; | When ice is back to \$1.50 per month; |
| When electric flat irons are back to \$3.75; | When bananas are back to 15c per dozen; |
| When bread is back to 5c a loaf; | When office supplies are back to before the war prices; |
| When a pound of candy in fancy boxes is back to 60c; | When express is back to \$1.25 per hundred to Chicago; |
| When best coffee is back to 35c per pound; | When hard coal is back at \$9.00 per ton; |
| When nails are back to \$1.80 per keg; | When railroad fares are back at 2c per mile; |
| When wrapping paper is back to 6c a pound; | When gasoline is back at 10c per gallon; |
| When hemlock lumber is back to \$21 per thousand; | When telephones are back at \$1.25 per month; |
| When calico is back to 5c per yard; | When a square meal is back at a quarter; |
| When gas and electric light rates are back to 1913 prices; | When shaves are back at 10c; |
| When bath tubs are back to \$20; | When hair cuts are back at a quarter; |
| When a Wilton rug is back to \$25; | When movies are back at a nickel; |
| When a set of dining room chairs is back to \$12; | When a car-wash is back at a dollar; |
| When all leather, leather lined bags are back to \$15; | When ice cream is back at a dime; |
| When paint is back to \$2.75 per gallon; | When a doctor's call is back at 1½ bucks; |
| When a good car is back to \$1000; | When a newspaper is back at a penny; |
| | When hens are back at a quarter a piece. |

For the love of Mike, why expect the manufacturer, wholesaler and retailer of Clothing and Furnishings to go the route alone? Why expect us and no one else to go back to pre-war prices?

WHY PICK ON US?

Aren't we Americans all in on this proposition together? Haven't we got to work it out together? Well, then, haven't we, the manufacturers, wholesalers and retailers of clothing and furnishings gone faster and much farther than the average in reducing prices and making readjustments?

WE'LL SAY WE HAVE!

We're ahead—'way ahead of the procession. Now let the barbers and the movie houses, and the Standard Oil, and the soft drink parlors, and the landlords, and the hotels and restaurants cut their prices and catch up with us.

IT'S TIME FOR US TO PICK ON SOMEBODY! WE'VE BEEN THE GOAT LONG ENOUGH!
